Política Exterior De Mexico:

La política exterior de México y sus nuevos desafíos Consuelo Dávila Pérez, Rubén Cuéllar, 2008 **Alcances y límites de la política exterior de México** Mario Ojeda, 1976 **Liberalización económica y política exterior en México, 1989-1994** Alba Gámez Vázquez, 2006-01-01 *Estudio y análisis de la política exterior del Estado mexicano en el siglo XX. Una apreciación* Latife E. Ordóñez Saleme, 2025-01-21 Esta obra tiene como finalidad servir de guía y parámetro para todos aquellos interesados en el estudio de la política exterior mexicana en una forma relativamente sencilla y coherente bajo la premisa de que el estudio de la política exterior no puede separarse de los grandes problemas nacionales en cada uno de los momentos históricos como de las estrategias y acciones gubernamentales para enfrentarlos En este sentido los desafíos y oportunidades y límites objetivos que definen la toma de decisiones para la acción estatal en relación con las coyunturas internacionales dominantes en cada uno de ellos constituyen la doble cara de una misma moneda al definir por un lado la relación existente entre las grandes líneas que caracterizan la política exterior del estado mexicano y por otro las del contexto internacional en las que esta se desenvuelve **La política exterior de México**, 1997 *Política exterior de México*, 1985

Fundamentos y prioridades de la política exterior de México Humberto Garza Elizondo, 1986 *La política exterior de México* María Elena López Montero, Carlos Contreras Romero, 2017 Transitando los inicios del siglo XXI Norberto E. Consani, Alberto Sepúlveda Almarza, Zidane Zéroui, 2008 **Política exterior de México** Mexico. Secretaría de Relaciones Exteriores, 1985 **Los siete principios básicos de la política exterior de México** Emilio O. Rabasa, 2005 **La política exterior de México bajo un régimen democrático** Rafael Velázquez Flores, 2002 **Los retos para la política exterior de México en la actual coyuntura**, 2004 **Cambio y continuidad en la política exterior de México** Rafael Fernández de Castro, 2002 **Principled Pragmatism in Mexico's Foreign Policy** Rafael Velazquez-Flores, 2022-07-16 This book explores Mexico's foreign policy using the principled pragmatism approach It describes and explains main external actions from the country's independence in the nineteenth century to Andrés Manuel López Obrador's administration The principal argument is that Mexico has resorted to principled pragmatism due to geographic historical economic security and political reasons In other words the nation uses this instrument to deal with the United States defend national interests appease domestic groups and promote economic growth The key characteristics of Mexico's principled pragmatism in foreign policy are that the nation projects a double edged diplomacy to cope with external and domestic challenges at the same time This policy is mainly for domestic consumption and it is also linked to the type of actors that are involved in the decision making process and to the kind of topics included in the agenda This principled pragmatism is related to the nature of the intention principism is deliberate and pragmatism is forced and this policy is used to increase Mexico's international bargaining power **Role Theory and Mexico's Foreign Policy** Omar A. Loera-González, 2023-10-06 Role Theory and Mexico's Foreign Policy examines why Mexico has an unusual foreign policy for a middle power country Using a series of

case studies to show how role conflict has operated in Mexico's foreign policy Omar Loera González studies three specific settings where Mexico could have displayed middle power behaviour First he analyses Mexico's controversial membership and performance in the Iraq crisis within the Security Council of the United Nations from 2002 to 2003 The second case study examines Mexico's ambition to display a regional leadership role in regional multilateral bodies like the Community of Latin American and Caribbean States CELAC and the Pacific Alliance PA In the third and final case study Loera González focuses on Mexico's engagement in human rights and democracy promotion Conflicting expectations from several actors domestic and external have led to a foreign policy contradictory to what is expected for a country with Mexico's material capabilities and its foreign policy objectives This book will be of interest to graduate students and researchers who work on and with foreign policy analysis and role theory or to those with a research interest on Mexico *La política exterior de México hacia Cuba, 1890-1902* Maria Margarita Espinosa Blás, 2004 **Revista mexicana de política exterior**, 2018
