Political Pilgrims Travels Of Western Intellectuals To The Soviet Union China And Cuba:

Political Pilgrims, 1978 Hvad var det der f r kendte vestlige intellektuelle til at beundre forskellige kommunistiske systemer og forkaste deres egne landes liberale Hvorfor s ge idealer i fjerne ikke s godt kendte lande **Political Pilgrims** Paul Hollander, 1989 **French Political Travel Writing in the Interwar Years** Martyn Cornick, Martin Hurcombe, Angela Kershaw, 2017-02-10 This book studies travel writing produced by French authors between the two World Wars following visits to authoritarian regimes in Europe and the Union of Soviet Socialist Republics USSR It sheds new light on the phenomenon of French political travel in this period by considering the well documented appeal of Soviet communism for French intellectuals alongside their interest in other radical regimes which have been much less studied fascist Italy the Iberian dictatorships and Nazi Germany Through analyses of the travel writing produced as a result of such visits the book gauges the appeal of these forms of authoritarianism for inter war French intellectuals from a broad political spectrum It examines not only those whose political sympathies with the extreme right or extreme left were already publicly known but also non aligned intellectuals who were interested in political models that offered an apparently radical alternative to the French Third Republic This study shows how travel writing provided a space for reflection on the lessons France might learn from the radical political experiments of the inter war years It argues that such writing can usefully be read as a form of utopian thinking distinguishing this from colloquial understandings of utopia as an ideal location Utopianism is understood neither as a fantasy ungrounded in the real nor as a dangerously totalitarian ideal but in line with Karl Mannheim Paul Ric ur and Ruth Levitas as a form of non congruence with the real that it seeks to transcend The utopianism of French political travel writing is seen to lie not in the attempt to portray the destination visited as utopia but rather in the pursuit of a dialogue with radical political alterity History of Communism in Europe vol. 1 / 2010 Corina Dobos, Marius Stan, 2010-01-01 **Susan Sontag** Leland Poague, Kathy A. Parsons, 2021-12-12 Susan Sontag An Annotated Bibliography catalogues the works of one of America s most prolific and important 20th century authors Known for her philosophical writings on American culture topics left untouched by Sontag s writings are few and far between This volume is an exhaustive collection that includes her novels essays reviews films and interviews Each entry is accompanied by an annotated bibliography **Problems of Communism**, 1982 **Political Pilgrims** Paul Hollander, 2017-07-05 Why did so many distinguished Western Intellectuals from G B Shaw to J P Sartre and closer to home from Edmund Wilson to Susan Sontag admire various communist systems often in their most repressive historical phases How could Stalin s Soviet Union Mao s China or Castro s Cuba appear at one time as both successful modernizing societies and the fulfillments of the boldest dreams of social justice Why at the same time had these intellectuals so mercilessly judged and rejected their own Western liberal cultures What Impulses and beliefs prompted them to seek the realization of their ideals in distant poorly known lands How do their journeys fit into long standing Western traditions of looking for new meaning In the non Western world These

are some of the questions Paul Hollander sought to answer In his massive study that covers much of our century His success is attested by the fact that the phrase political pilgrim has become a part of intellectual discourse Even in the post communist era the questions raised by this book remain relevant as many Western and especially American intellectuals seek to come to terms with a world which offers few models of secular fulfillment and has tarnished the reputation of political Utopias His new and lengthy introduction updates the pilgrimages and examines current attempts to find substitutes for the emotional and political energy that used to be invested in them Russen und Russland aus deutscher Sicht: 1917-1924 ,1998

Voices of the Victims Hannes H. Gissurarson, In the 20th century communism claimed the lives of at least 100 million people But often it is regarded with more sympathy than the other deadly totalitarian creed national socialism Despite several plausible accounts of famines mass executions labour camps and oppression many Western intellectuals were either supporters or fellow travellers of the communists This illustrated report is about some of the most noteworthy books travelogues novels memories and historical treatises that came out in the great struggle between totalitarian communism and liberal democracy from the 1917 Bolshevik Revolution onwards *Kommunistische Intellektuelle in Westeuropa*
