Political Thought in Seventeenth-Century Ireland Jane H. Ohlmeyer, 2000-06-29 This book provides an in depth analysis of seventeenth century Irish political thought and culture

Political Thought in Ireland Since the Seventeenth Century D. George Boyce, Dr Robert Eccleshall, Robert Eccleshall, Vincent Geoghegan, 2008-03-07 These pioneering essays provide a unique study of the development of political ideas in Ireland from the seventeenth to the twentieth century The book breaks away from the traditional emphasis in Irish historiography on the nationalism unionism debate to focus instead on previously neglected areas such as the role of the Scottish Enlightenment and early Irish socialism and conservatism A wide range of original primary sources are used from pamphlets to journalism devotional tracts to poetry

Thomas Hobbes and Political Thought in Ireland, C.1660-c.1730 Matthew Ward, 2024 Thomas Hobbes is now regarded as one of England's greatest political philosophers This book considers his reception in Ireland where it is suggested the Leviathan was released In doing so the book demonstrates the variety and sophistication of political thought in Ireland

George Boyce, Dr Robert Eccleshall, Robert Eccleshall, Vincent Geoghegan, 2008-03-07 These pioneering essays provide a unique study of the development of political ideas in Ireland from the seventeenth to the twentieth century The book breaks away from the traditional emphasis in Irish historiography on the nationalism unionism debate to focus instead on previously neglected areas such as the role of the Scottish Enlightenment and early Irish socialism and conservatism A wide range of original primary sources are used from pamphlets to journalism devotional tracts to poetry

Political Ideas in Eighteenth-century Ireland Sean J. Connolly, 2000 The period between the Williamite war and the act of union saw different groups in Irish society forced to reassess their ideas of political and national identity against the background of a changing society at home and intellectual and political revolution abroad This volume of essays deriving from a Folger Library Washington seminar examines radical patriot and conservative political ideas from the debates on the meaning of the Revolution of 1688 to the emergence of democratic republicanism and a redefined conservatism in the 1790s A concluding overview by Professor J G A Pocock puts the Irish case in the wider context of the Atlantic world of the eighteenth century Publisher description

History of Political Thought, 1996

Irish Economic and Social History, 1999

The Ulster Earls and Baroque Europe Mary Ann Lyons, Thomas O'Connor, 2010 Rome was the destination of a significant number of Irish migrants in the early 17th century This collection looks at the factors pushing them abroad and attracting them to Rome

The Irish Charter Schools, 1730-1830 Kenneth Milne, 1997 The charter schools founded in the early eighteenth century were envisaged by their supporters as the positive side to government policy towards the Roman Catholics of Ireland The various penal laws sought to restrict power to those with an interest in maintaining the Protestant Anglican state while the charter schools were to open the scriptures to the children of the poor educating them in the Protestant habits of loyalty to the Hanoverian crown of industry and of good husbandry In 1733 4 the Incorporated

Society for Promoting English Protestant Working Schools in Ireland was granted its charter In the course of a century over a million pounds in government funding was provided for the establishment and running of these schools But the results fell far short of expectations Chapters on the origins of the schools on their administration their everyday routine and their curriculum will reveal many reasons for their failure Yet the charter schools were never intended to be the places of horror the prototypes of Dotheboys Hall that they so frequently became How did it happen that established with such high hopes for advancing the cause of the Reformation in Ireland they ended by seriously discrediting it This study draws largely on manuscript sources official and otherwise in repositories in the England and Ireland The picture that emerges is of an organisation insufficiently aware of the existence within its own system of those very phenomena central to its purpose the frailty of human nature and the prevalence of Original Sin
