*Parteiensystem und Verfassung in Afrika* Helga Fleischhacker, 2010-03-26 Sich afrikanischer Politik zu nähern heisst immer wieder die eigenen Fragen auf die Erklärungskraft der zu erwartenden Antworten hin zu überprüfen und über die grundsätzlichen politischen Begriffe wie Staat und Gesellschaft Moderne und Entwicklung Individuum und Interesse nachzudenken sowie ihre historische Determinierung normative und teleologische Implikationen mitzureflektieren Zu kaum einer Region mit einer vergleichbar kurzen politischen Entwicklungsdauer existiert eine solche Fülle kontroverser Untersuchungskonzepte Typologisierungsvorschläge Erklärungsansätze und auch Erklärungsklischees In der Tat stellen afrikanische Gesellschaften den Politikwissenschaftler vor eine schwierige analytische Situation die geringe Ausdifferenzierung der verschiedenen Ebenen Politisches Wirtschaftliches Religiöses Privates Öffentliches und ihre konstante und dynamische Durchdringung lassen bisweilen alle Variablen als dependent und situativ erscheinen Das macht es schwer politische Phänomene mit an westlichen Erfahrungswerten abgeleiteten Erklärungsmustern zu interpretieren und führt oft zu paradoxen Ergebnissen Gleichzeitig scheint etwa Wahlverhalten an ethno regionale Identitäten fixiert und doch hoch volatil der Staat überdimensioniert und als ein Scheinestates international achievement Staatsparteien als massenmobilisierende Einheitsstifter und als administrative Erfindungen Afrikanische Politik wird dementsprechend beschrieben als dysfunktionaler Risikofaktor auf dem Weg zur Demokratie Schmidt 1997 253 als The African labyrinth Sartori 1978 248 disorder as political instrument Chabal Daloz 1999 oder The Puzzling Features of African Party Systems Mozaffar Scarritt 2005 Gemeinsames Ausgangsproblem aller Überlegungen bleibt dabei der grosse Gegensatz von vormodernen gesellschaftlichen Grundstrukturen und den funktionalen Anforderungen moderner Regierung aber auch deren Gleichzeitigkeit und Verwobenheit **Afrika** Dolf Sternberger, Bernhard Vogel, Dieter Nohlen, Klaus Landfried, 2019-11-18 Keine ausführliche Beschreibung für Afrika verfügbar **Political Parties and the State in the Global South** Albertus Schoeman, 2024-10-14 This book introduces a new framework for understanding how the relationship between political parties and the state shapes the development of political parties party systems and democratic consolidation Drawing on comparative case studies spanning the Indian subcontinent Africa and East and Southeast Asia the book shows how the sequencing of state building and the development of political institutions can blur distinctions between political parties and the state with long term consequences for their respective development This includes understanding the effects of authoritarian and colonial legacies on shaping this relationship and the nature of interparty competition with significant consequences for public sector corruption political stability and the formation and institutionalisation of party systems This book will be of key interest to scholars and students of democratic development comparative politics party politics and

institutional development in the Global South      **Analyzing Pol Change** James R Scarritt, 2019-04-11 This book addresses political instability and the role of the military in unstable politics as well as to class formation class conflict and prolonged economic dependency in Africa It uses a comprehensive theoretical approach based on systems functionalist theories in solving these issues      **Parties and Party Systems** Giovanni Sartori, 2014-01-01 In this rich and broad ranging volume Giovanni Sartori outlines what is now recognised to be the most comprehensive and authoritative approach to the classification of party systems He also offers an extensive review of the concept and rationale of the political party and develops a sharp critique of various spatial models of party competition This is political science at its best combining the intelligent use of theory with sophisticated analytic arguments and grounding all of this on a substantial cross national empirical base Parties and Party Systems is one of the classics of postwar political science and is now established as the foremost work in its field      **Politische Parteien im frankophonen Afrika** Klaus Ziemer, 1978      Party System Closure Fernando Casal Bértoa, Zsolt Enyedi, 2021-05-09 Party System Closure maps trends in interparty relations in Europe from 1848 until 2019 It investigates how the length of democratic experience the institutionalization of individual parties the fragmentation of parliaments and the support for anti establishment parties shape the degree of institutionalization of party systems The analyses presented answer the questions of whether predictability in partisan interactions is necessary for the survival of democratic regimes and whether it improves or undermines the quality of democracy The developments of party politics at the elite level are contrasted with the dynamics of voting behaviour The comparisons of distinct historical periods and of macro regions provide a comprehensive picture of the European history of party competition and cooperation The empirical overview presented in the book is based on a novel conceptual framework and features party composition data of more than a thousand European governments Party systems are analysed in terms of poles and blocs and the degree of closure and of polarization is related to a new party system typology The book demonstrates that information collected from partisan interactions at the time of government formation can reveal changes that characterise the party system as a whole The empirical results confirm that the Cold War period 1945 1989 was exceptionally stable while the post Berlin Wall era shows signs of disintegration although more at the level of voters than at the level of elites After three decades of democratic politics in Europe 1990 2019 the West and the South are looking increasingly like the East especially in terms of the level of party de institutionalization The West and the South are becoming more polarised than the East but in terms of parliamentary fragmentation the party systems of the South and the East are converging while the West is diverging from the rest with its increasingly high number of parties As far as our central concept party system closure is concerned thanks to the gradual process of stabilization in the East and the recent de institutionalization in the West and South the regional differences are declining Comparative Politics is a series for researchers teachers and students of political science that deals with contemporary government and politics Global in scope books in the series are characterised by a stress on comparative

analysis and strong methodological rigour The series is published in association with the European Consortium for Political Research For more information visit [www.ecprnet.eu](http://www.ecprnet.eu) The series is edited by Susan Scarrow Chair of the Department of Political Science University of Houston and Jonathan Slapin Professor of Political Institutions and European Politics Department of Political Science University of Zurich *Soziologie der politischen Gewalt* Ekkart Zimmermann, 1977

**Kölner Zeitschrift für Soziologie und Sozialpsychologie**, 1977 *Neue politische Literatur* Erwin Stein, Helmut Ridder, Georg Strickrodt, 1975 Political Parties in Conflict-prone Societies Ben Reilly, Per Nordlund, 2008 Well functioning political parties are essential components of democracy They organize voters aggregate and articulate interests craft policy alternatives recruit and socialize new candidates for office set policy making agendas integrate disparate groups and individuals into the democratic process and provide the basis for coordinated electoral and legislative activity But political parties in many developing democracies remain weak and underdeveloped often being based around personal ethnic or regional ties rather than national interests Today with more states deciding their leaders through multiparty elections than ever before many developing democracies seek to shape the development of political parties and party systems by regulating the way parties can form organize and behave Most of these ambitious initiatives and innovations emanate from new democracies rather than established Western examples This volume examines this growing trend in conflict prone societies towards promoting stable and inclusive political parties via political party regulation and engineering in developing democracies around the world *Berliner Studien zur Politik in Afrika und Asien*, 1983 **Militär und Militärherrschaft in Schwarzafrika** Günther Philipp, 1979 Asian Survey, 1961 **From Laborism to Liberalism** Steven Robert Levitsky, 1999 *Political Consciousness and Student Activism* James L.
