Political Parties An Introduction:

Political Parties Robert H. Blank, 1980 **Comparative Government Introduction** J. Blondel, 2014-01-27 First published in 1995 Routledge is an imprint of Taylor Francis an informa company **Managing Leader Selection in European Political Parties** Nicholas Aylott, Niklas Bolin, 2020-11-18 This book explores the varying ways in which political parties in Europe make arguably their most important decisions the selection of their leaders The choice shapes the representation of a party externally It also influences the management of internal conflict because there will always be some disagreement about the party s direction The rules of selection will naturally affect the outcome Yet there is more to it than rules Sometimes the process is open and fiercely contested Sometimes the field of potential leaders is filtered even before the decision reaches the selectorate the organ that according to party statutes formally makes the appointment The selectorate might have only a single candidate to ratify a so called coronation The book presents a framework for analysing both the formal and informal sides of leader selection and hones the framework through its application in a series of case studies from nine European countries **Political Parties in the New Europe** Kurt Richard Luther, Ferdinand Müller-Rommel, 2002 The scope and intensity of the challenges currently faced by western European political parties is exceptionally large threatening the viability of the manner in which they have traditionally operated and causing them to seek new behaviours and strategies This volume brings together some of the foremost scholars of European party politics whose evaluation of political parties in the new Europe is organised under four broad headings Parties and Society Parties as Purposive Organisations Parties and National Government and Parties the Nation State and Beyond The contributors review the latest empirical findings and provide a concise critical review of the theoretical and methodological state of the art They also highlight the analytical challenges confronting party researchers and suggest new avenues for party research An Introduction to Political Science Mark R. Amstutz, 1982 Routledge Handbook of Regionalism & Federalism John Loughlin, John Kincaid, Wilfried Swenden, 2013-07-18 Almost all states are either federal or regionalized in some sense It is difficult to find a state that is entirely unitary and the Routledge Handbook of Regionalism and Federalism necessarily takes in almost the entire world Both federalism and regionalism have been subjects of a vast academic literature mainly from political science but sometimes also from history economics and geography This cutting edge examination seeks to evaluate the two types of state organization from the perspective of political science producing a work that is analytical rather than simply descriptive The Handbook presents some of the latest theoretical reflections on regionalism and federalism and then moves on to discuss cases of both regionalism and federalism in key countries chosen from the world s macro regions Assembling this wide range of case studies allows the book to present a general picture of current trends in territorial governance The final chapters then examine failed federations such as Czechoslovakia and examples of transnational regionalism the EU NAFTA and the African Union Covering evolving forms of federalism and regionalism in all parts of the

world and featuring a comprehensive range of case studies by leading international scholars this work will be an essential reference source for all students and scholars of international politics comparative politics and international relations

Beyond the Secret Garden of Politics: Internal Party Dynamics of Candidate Selection Guillermo Cordero, Eva H. Önnudóttir, Xavier Collier, 2022-12-02 Introduction to Comparative Politics Roy C. Burg, 1991 Provides a general framework for the study of modern political regimes D democratic authoritarian totalitarian and emphasizes the institutional structure within these regimes and their cultural and socioeconomic foundations **The Samajwadi Party** Shafiuzzaman, 2003 **An Introduction to American Government** Paul S. Jacobsen, 1954 **American Difference** Lori M. Poloni-Staudinger, Michael R. Wolf, 2015-02-11 Examining democracies from a comparative perspective helps us better understand why politics or who gets what when and how differs among democracies In American Difference American Politics from a Comparative Perspective authors Lori M Poloni Staudinger and Michael R Wolf take the reader through different aspects of democracy political culture institutions interest groups political parties and elections and explore how the US is both different from and similar to other democracies Used in conjunction with a textbook for courses in Introduction to American Politics Introduction to Comparative Politics or Introduction to Politics this book will provide additional context and deepen students understanding of key political concepts Movement Parties Against Austerity Donatella della Porta, Joseba Fernández, Hara Kouki, Lorenzo Mosca, 2017-04-21 The ascendance of austerity policies and the protests they have generated have had a deep impact on the shape of contemporary politics The stunning electoral successes of SYRIZA in Greece Podemos in Spain and the Movimento 5 Stelle M5S in Italy alongside the quest for a more radical left in countries such as the UK and the US bear witness to a new wave of parties that draws inspiration and strength from social movements The rise of movement parties challenges simplistic expectations of a growing separation between institutional and contentious politics and the decline of the left Their return demands attention as a way of understanding both contemporary socio political dynamics and the fundamentals of political parties and representation Bridging social movement and party politics studies within a broad concern with democratic theories this volume presents new empirical evidence and conceptual insight into these topical socio political phenomena within a cross national comparative perspective *The History of the Radical Party in Parliament* William Harris, 1885 Advanced Introduction to Party Politics Richard S. Katz, 2023-08-14 This insightful Advanced Introduction provides a comprehensive overview of the organisation regulation and structure of political parties today Richard S Katz discusses the essential role that political parties play in modern democracies with politics taking place within and among parties Analysing the significant diversity found between political parties Katz illustrates the profound impact that the legal definition and organisation of parties can have on a democratic system **Introduction to Sociology** James J. Teevan, 1989 How Political Parties Work Kay Lawson, 1994-10-30 This important volume examines the inner dynamics of political parties with the intention of finding out how parties really work

Specialists on Germany France New Zealand Norway Japan India Belgium Israel Poland Britain and the United States provide analyses of the ways in which power is developed and exercised in those countries who is trying to do what within the party and by means of the party and how successful they are Political parties are not monoliths as they have tended to be treated in party system research rather they have differentiated internal structures layers and levels and on each of these the motivations and objectives of the participants may be very different By looking within these authors provide an understanding of the internal play of party power and why parties function as they do within the broader political arena

Thirty Years of Labor, 1859-1889 Terence Vincent Powderly, 1890 *The American Party System* Charles Edward Merriam, Harold Foote Gosnell, 1940 **Supplement No.2 to the Alphabetical Finding List of the Free Public Library of Jersey City, N.J.
