Political Parties Old Concepts And New Challenges:

When Political Parties Die Charles S. Mack, 2010-08-11 This book presents a theory of political disalignment and a revised theory of party realignment using four case studies from the United States Canada Great Britain and Italy to illustrate these concepts Why do major political parties die The shelf life of minor parties in democracies tends to be short but major parties tend to be highly durable The Democratic Party of the United States and the Conservative Party of the United Kingdom have been going strong for two centuries Major parties perpetuate themselves by maintaining a consistent ideology on major national issues even at the cost of periodic defeats at the polls In American politics ideological polarization maintains the vitality of the two major parties and renders them almost immune to threats from new parties even as it impedes consensus and compromise on public issues Spectacular instances of sudden death in major parties have nevertheless occurred in the United States the United Kingdom Canada and Italy and they all exhibit similar characteristics The fatal event which author Charles S Mack calls disalignment occurs when a schism opens between party leaders and traditional core base voters on an issue of overriding national importance Major parties survive periodic defeats but they cannot survive disalignment **Political Parties** Richard Gunther, José Ramón Montero, Juan José Linz, 2002 Political Parties Richard Gunther, 2002 **Politische Theorie und Regierungslehre** Ludger Helms, 2004 **Krise oder Wandel der Parteiendemokratie?** David H. Gehne, Tim Spier, 2010-07-12 Symptome f r eine Krise der Parteien gibt es viele und doch stellt sich die Frage ob die in Medien wie Wissenschaft h ufig zu findenden Schwanenges nge auf die Parteiendemokratie nicht verfr ht sind Die Festschrift zu Ehren Ulrich von Alemanns greift ein wichtiges Argument des renommierten Parteienforschers heraus um aktuelle Probleme des Wandels von Parteien und Parteiensystemen zu diskutieren Die empirisch beobachtbare Ver nderung von Parteien muss nicht notwendigerweise als Verfall eines ehemals idyllischen Zustands analysiert werden sondern kann auch weniger aufgeregt als Anpassung an sich ver ndernde soziale und 6konomische Rahmenbedingungen oder gar als Normalisierung nach einer Welle der Partizipationsbereitschaft in den 1960er und 1970er Jahren gewertet werden Wissenschaftliche Weggef hrten und Kollegen tragen rund um diese Grundthese in verschiedenen Beitr gen zur Bestandsaufnahme und Weiterentwicklung der Parteienforschung bei Lehrbuch der Politikfeldanalyse Klaus Schubert, Nils C. Bandelow, 2014-10-29 Das Lehrbuch bietet eine im deutschsprachigen Raum einmalige bersicht ber die verschiedenen aktuellen Perspektiven der Politikfeldanalyse Alle Beitr ge stammen von ausgewiesenen Experten f r die jeweiligen Ans tze Der Band stellt die Grundlagen und historischen Wurzeln der Politikfeldanalyse ihre wichtigsten Basiskategorien ihre zentralen theoretischen und methodischen Werkzeuge sowie ihre politischen Anwendungsfelder vor bersichten und textspezifische Fragen erleichtern die Anwendung in Lehrveranstaltungen sowie beim Selbststudium fortgeschrittener Studierender und interessierter Wissenschaftler *Political Parties and Democracy* Larry Diamond, Richard Gunther, 2001-12-21 Political parties are one of the core institutions of democracy But in

democracies around the world rich and poor Western and non Western there is growing evidence of low or declining public confidence in parties In membership organization and popular involvement and commitment political parties are not what they used to be But are they in decline or are they simply changing their forms and functions In contrast to authors of most previous works on political parties which tend to focus exclusively on long established Western democracies the contributors to this volume cover many regions of the world Theoretically they consider the essential functions that political parties perform in democracy and the different types of parties Historically they trace the emergence of parties in Western democracies and the transformation of party cleavage in recent decades Empirically they analyze the changing character of parties and party systems in postcommunist Europe Latin America and five individual countries that have witnessed significant change Italy Japan Taiwan India and Turkey As the authors show political parties are now only one of many vehicles for the representation of interests but they remain essential for recruiting leaders structuring electoral choice and organizing government To the extent that parties are weak and discredited the health of democracy will be seriously impaired Contributors Larry Diamond and Richard Gunther Hans Daalder Philippe Schmitter Seymour Martin Lipset Giovanni Sartori Bradley Richardson Herbert Kitschelt Michael Coppedge Ergun Ozbudun Yun han Chu Leonardo Morlino Ashutosh Varshney and E Sridharan Stefano Bartolini and Peter Mair

Political Parties and Electoral Change Peter Mair, Wolfgang C Müller, Fritz Plasser, 2004-06-09 This book provides a comparative overview and account of how the parties in Western Europe have perceived contemporary challenges of electoral dealignment and how they have responded whether organizationally programmatically or institutionally

Political Party Financing and Electoral Politics in Nigeria's Fourth Republic Babayo Sule, 2023-03-17 In Political Party Financing and Electoral Politics in Nigeria's Fourth Republic Babayo Sule provides a detailed analysis of the process of political party financing in Nigeria from 1999 to the present Sule links the party financing process with the electoral process and explores issues of democratic accountability transparency and corruption in Nigeria under democratic rule Issues of excessive spending violation of legal procedures for party financing and monitoring of parties activities particularly finances are explored The book presents an analytical discourse on elections and processes that influence an election in Nigeria's Fourth Republic in which party financing and money politics are instrumental This book observes how political corruption gains root in the process of party financing and builds a theory linking party financing electoral politics and democratic accountability This book provides practical policy implications for strengthening Nigeria's electoral process and transparency in its democracy
