Righteous Acts:

Shi'i Reformation in Iran Ali Rahnema, 2016-03-03 Shi'ism caught the attention of the world as Iran experienced her revolution in 1979 and was subsequently cast in the mold of a monolithic discourse of radical political Islam. The spokespersons of Shi'ism in or out of power have not been the sole representatives of the faith. Nonconformist and uncompromising Shi'ite jurist and reformist Shari'at Sangelaji 1891-1944 challenged certain popular Shi'ite beliefs and the mainstream clerical establishment guarding and propagating it. In *Shi'ite Reformation in Iran* Ali Rahnema offers a fresh understanding of Sangelaji's reformist discourse from a theological standpoint and takes readers into the heart of the key religious debates in Iran in the 1940s. Exploring Sangelaji's life, theological position and disputations, Rahnema demonstrates that far from being change-resistant debates around why and how to reform the faith, they have long been at the heart of Shi'ite Islam. Drawing on the writings and sermons of Sangelaji as well as interviews with his son, the book provides a detailed and comprehensive introduction to the reformist's ideas. As such, it offers scholars of religion and Middle Eastern politics alike a penetrating insight into the impact that these ideas have had on Shi'ism, an impact which is still felt today. **The**

Righteousness of God Charles Lee Irons, 2015-03-10 Advocates of the New Perspective on Paul appeal to the view that righteousness in biblical theology is a *Verhältnissbegriff*, relational concept. This is the view that righteousness does not mean conformity to a norm, nor is it an essentially legal concept; rather, righteousness denotes the fulfillment of the demands of a relationship, since the relationship itself is the norm. This relational interpretation of righteousness was first put forward by Hermann Cremer in 1899 and exercised a profound influence in biblical scholarship throughout the 20th century. It lies at the root of the New Perspective claim that the righteousness of God in Paul is a cipher for God's saving faithfulness to his covenant, a view defended by N.T. Wright among others. Charles Lee Irons provides a critical examination of Cremer's chief arguments for the relational covenant faithfulness interpretation. The author argues instead for the view that the righteousness of God in Rom 1:17, 3:21, 22:10, 3:2, Cor 5:21 and Phil 3:9 is the status of righteousness that comes from God as a gift. **Return**

Walter Gormley, 2017-11-07 Human achievements have reached levels that could only be imagined by people a hundred years ago, yet we are no more spiritually advanced than people who lived thousands of years ago. It's time to grow up. *Return: The Way of Perfect Love* is a new version of an unpublished book written years ago by a father to his children with the hope of helping them build a combined personal, interpersonal and spiritual life—a righteous life—by answering some of life's most important questions: Who is God? Why are there so many religions? Who is right? Can you be religiously faithful yet not righteous? What is the difference between righteousness and morality? What is a person's soul and how does it interact with the body? How should we pray? What is spirituality? What is perfect love? Why is repentance important? What does it truly mean to be born again or born from above? What is our purpose for being alive? What is free will? Can people be perfect? What is humility? This modified edition is written for everyone. It is a positive book about the love that the Almighty God has for all of

us without preference of sex race religion or any demographic and how important it is for us to have that same love Unlike other more philosophical theoretical or transcendently written books this is also a practical guide for spiritual growth and interpersonal improvement It also provides a foundation for interreligious and nonreligious co learning and cooperation
