Rights Of Military Personnel:

To Guarantee the Right of All Active Duty Military Personnel, Merchant Mariners, and Their Dependents to Vote in Federal, State, and Local Elections United States. Congress. House. Committee on Veterans' Affairs, 1997 Constitutional Rights of Military Personnel United States Senate, 2013-01-23 No persons should be more entitled to protection of their constitutional rights than the servicemen engaged in protecting the sovereignty of the United States Appropriately the Subcommittee on Constitutional Rights has been concerned since its formation with the rights of military personnel and has made several studies in that connection In light of the Supreme Court's ruling in *Wilson v Girard* which upheld a waiver by military authorities of jurisdiction to try a serviceman for a homicide committed in Japan the subcommittee investigated the extent to which the rights of servicemen are abridged when they are stationed abroad and so become subject in some degree to the jurisdiction of foreign governments Also the subcommittee has studied the implications of constitutional limitations enunciated in cases such as *Reid v Covert* *Kinsella v Singleton* and *McElroy v Guagliardo* These cases invalidated the provisions of article 2 of the Uniform Code of Military Justice which purport to authorize trial by court martial of military dependents and employees accompanying the Armed Forces overseas in time of peace but the problem remained of providing a forum for the trial of such individuals where all their constitutional rights would be preserved Similarly the subcommittee has grappled with the problem of a suitable tribunal to try offenses committed by exservicemen while they were still on active duty but which under the holding of *Toth v Quarles* cannot be made subject to military jurisdiction Military Justice White, Nigel D., 2022-03-10 While military law is often narrowly understood and studied as the specific and specialist laws processes and institutions governing service personnel this accessible book takes a broader approach examining military justice from a wider consideration of the rights and duties of government and soldiers engaged in military operations Gay Rights, Military Wrongs Craig A.
