Rights And Decisions:

A Digest of Statutes, Rules, and Decisions Erastus Thatcher, 1883 **A Digest of the Reported Decisions of the Courts of Common Law, Bankruptcy, Probate, Admiralty, and Divorce** John Mews, 1884 Analysis and Digest of the Decisions of Sir George Jessel, Late Master of the Rolls Great Britain. Court of Chancery, 1883 Federal Decisions: Damages United States. Courts, 1886 Firearms Legislation United States. Congress. Senate. Committee on the Judiciary. Subcommittee to Investigate Juvenile Delinquency, 1970 *Managing Fear* Bernadette McSherry, 2013-10-23 *Managing Fear* examines the growing use of risk assessment as it relates to preventive detention and supervision schemes for offenders perceived to be at a high risk of re offending individuals with severe mental illness and suspected terrorists It outlines a number of legislative regimes in common law countries that have broadened civil as opposed to criminal powers of detention and supervision Drawing on the disciplines of criminology and social psychology it explores how and why such schemes reflect a move towards curtailing liberty before harm results rather than after a crime has occurred Human rights and ethical issues concerning the role of mental health practitioners in assessing risk for the purposes of preventive detention and supervision are explored and regimes that require evidence from mental health practitioners are compared with those that rely on decision makers notions of reasonable belief concerning the risk of harm Case studies are used to exemplify some of the issues relating to how governments have attempted to manage the fear of future harm This book aims to educate mental health practitioners in the law relating to preventive detention and supervision schemes and how the legal requirements differ from clinical assessment practices examine the reasons why there has been a recent renewal of preventive detention and supervision schemes in common law countries provide a comparative overview of existing preventive detention and supervision schemes and analyse the human rights implications and the ethics of using forensic risk assessment techniques for preventive detention and supervision schemes **Race Against the Court** Girardeau A. Spann, 1993 Must reading for anyone who seeks a better understanding of the U S Supreme Court s role in race relations policy Choice Beware Those committed to the Supreme Court as the ultimate defender of minority rights should not read *Race Against the Court* Through a systematic peeling away of antimajoritarian myth Spann reveals why the measure of relief the Court grants victims of racial injustice is determined less by the character of harm suffered by blacks than the degree of disadvantage the relief sought will impose on whites A truly pathbreaking work Derrick Bell As persuasive as it is bold *Race Against The Court* stands as a necessary warning to a generation of progressives who have come to depend on the Supreme Court of the perils of such dependency It joins with Bruce Ackerman s *We the People* and John Brigham s *Cult of the Court* as the best in contemporary work on the Supreme Court Austin Sarat William Nelson Cromwell Professor of Jurisprudence and Political Science Amherst College The controversies surrounding the nominations confirmations and rejections of recent Supreme Court justices and the increasingly conservative nature of the Court have focused attention on the Supreme Court as never before Although the

Supreme Court is commonly understood to be the guardian of minority rights against the tyranny of the majority. Race Against The Court argues that the Court has never successfully performed this function. Rather the actual function of the Court has been to perpetuate the subordination of racial minorities by operating as an undetected agent of majoritarian preferences in the political preferences. In this provocative controversial and timely work Girardeau Spann illustrates how the selection process for Supreme Court justices ensures that they will share the political preferences of the elite majority that runs the nation. Customary safeguards that are designed to protect the judicial process from majoritarian predispositions, Spann contends, cannot successfully insulate judicial decisionmaking from the pervasive societal pressures that exist to discount racial minority interests. The case most often cited as the icon of Court sensitivity to minority rights, *Brown v Board of Education*, has more recently served to lull minorities into believing that efforts at political self-determination are futile, fostering a seductive dependence and overreliance on the Court as the caretaker of minority rights. Race Against The Court demonstrates how the Court has centralized the law of affirmative action in a way that stymies minority efforts for meaningful political and economic gain and how it has legitimated the legal status quo in a way that causes minorities never even to question the inevitability of their subordinate social status. Spann contends that racial minorities would be better off seeking to advance their interests in the pluralist political process and proposes a novel strategy for minorities to pursue in order to extricate themselves from the seemingly inescapable grasp of Supreme Court protection. Certain to generate lively heated debate, Race Against The Court exposes the veiled majoritarianism of the Supreme Court and the dangers of allowing the Court to formulate our national racial policy.

Judicial Bricolage Tania Groppi, Marie-Claire Ponthoreau, Irene Spigno, 2025-02-06 This book represents a unique contribution to comparative legal studies by presenting the results of an empirical research project on the use of foreign precedents in constitutional interpretation in 31 jurisdictions worldwide. It expands and updates the outcomes presented in the previous successful book *The Use of Foreign Precedents by Constitutional Judges* edited by Tania Groppi and Marie Claire Ponthoreau and published in 2013 as Volume 1 of the series *Hart Studies in Comparative Public Law*. This new research covering countries from all the continents with special attention to some of the emerging jurisdictions of the Global South confirms that the practice of making explicit use of foreign precedents is still limited both quantitatively and qualitatively. Judicial dialogue only exists in common law jurisdictions and even there judicial bricolage is much more common than judicial comparativism. Since the previous edition this practice has gone hand in hand with new developments in constitutional law such as the democratic

erosion and backsliding the emergence of populist movements the increasing role of regional human rights courts which in many cases overshadowed foreign sources and the end of a global vision of constitutionalism Applying a quantitative and a qualitative analysis with the support of tables and data the book gives a more complete picture of the practice of citing foreign precedents in this new and challenging era resulting in essential reading for comparative and constitutional legal scholars Decisions of the Department of the Interior in Appealed Pension and Retirement Claims, Also a Table of Cases Reported, Cited, Distinguished, Modified, and Overruled and of Statutes Cited and Construed United States. Department of the Interior, 1897 **The Compiled Laws of Utah**, 1888 *Congressional Record* United States. Congress, 1957 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 *Mapp V. Ohio* Carolyn Nestor Long, 2006 A concise and compelling account of the closely decided Supreme Court ruling that balanced the duties of state and local crime fighters against the rights of individuals from being tried with illegally seized evidence Critical Race Theory Kimberlé Crenshaw, Neil Gotanda, Gary Peller, Kendall Thomas, 1995 In the past few years a new generation of progressive intellectuals has dramatically transformed how law race and racial power are understood and discussed in America Questioning the old assumptions of both liberals and conservatives with respect to the goals and the means of traditional civil rights reform critical race theorists have presented new paradigms for understanding racial injustice and new ways of seeing the links between race gender sexual orientation and class This reader edited by the principal founders and leading theoreticians of the critical race theory movement gathers together for the first time the movement's most important essays Back cover
