Risk And Citizenship Key Issues In Welfare:

Risk and Citizenship Rosalind Edwards, Judith Glover, 2002-09-11 Contemporary welfare provision poses serious challenges for social policy. Large and rapid changes are said to be taking place in the way we live, work and relate to each other, characterised by anxiety and insecurity. Risk and Citizenship explores how new and different forms of citizenship are evolving in the context of this risk society and the implications for the development of social policy at both the macro and micro level. This spirited and informed collection of papers by leading analysts addresses key questions related to welfare, citizenship and risk, including the nature of insecurity and social protection, the balance between inequality and egalitarianism, the relationship between governments and citizens, the parameters of citizenship and the impact of risk assessment and risk management. Risk and Citizenship offers a thought-provoking reading for student, practitioner or policy maker. It provides a review of current debates about risk, citizenship and welfare in depth, analysis of specific policy initiatives in social security and community care, a new typology of welfare, citizenship. Risk and Citizenship Rosalind Edwards, Judith Glover, 2001 This spirited and informed collection of papers by leading analysts addresses key questions related to welfare, citizenship and risk. Risk in Social Science Peter Taylor-Gooby, Jens O. Zinn, 2006-10-05 Intended for students and scholars from the social sciences, this is an introduction to work on risk. It discusses the basic issues in risk research and examines some of the key themes in this field, looking at topics such as the media, crime, the environment and social inequality.

Welfare Reform in Canada Daniel Béland, Pierre-Marc Daigneault, 2015-09-18 Welfare Reform in Canada provides systematic knowledge of Canadian social assistance by assessing provincial welfare regimes and emphasizing changes since the late twentieth century. The book examines activation, social investment and economic inequalities and provides nuanced perspectives on social welfare across Canada's provinces in relation to trends and issues in the country and beyond. These conceptual, international and historical perspectives inform in-depth case studies of social assistance reform in each province. The key issues of social assistance in Canada, including gender relations, immigrants, Aboriginal peoples and the impact of activation programs, are addressed, as is the possibility of convergence taking place in provincial welfare policy. This book is the second volume in the Johnson Shoyama Series on Public Policy, published by the University of Toronto Press in association with the Johnson Shoyama Graduate School of Public Policy, an interdisciplinary centre for research, teaching and executive training with campuses at the Universities of Regina and Saskatchewan.
