# Risking Enchantment

**Francelia Butler**

## **Risking Enchantment:**

Risking Enchantment Jeanie Watson, 1990      **From Philosophy to Poetry** Donald J. Childs, 2001-06-01 In this text Professor Child examines T S Eliot's relationship between his writing of poetry and his philosophical pursuits in particular his lifelong occupation with the work of F H Bradley Henri Bergson and William James This account also considers the reception of Eliot's writing in philosophy and argues that the study of this work has significantly entered recent Eliot criticism Overall this volume provides a new reading of Eliot's famous poems his literary criticism and social commentary      **Modernist**

**Time Ecology** Jesse Matz, 2018-12-03 A new view of the way modernist fiction writers tried to solve the problem of time Do our fictions transform time Do they cultivate the temporal environment Such was the hope or the fantasy at work in many modernist novels for which time was not only the major subject but also an object of reparative aspiration Aimed at a kind of stewardship of time these fictions constitute a practice of modernist time ecology an effort to restore those landscapes of time that have been thrown into crisis by modernity In *Modernist Time Ecology* Jesse Matz redefines temporal experimentation in central writers like Proust Mann Woolf Ellison and Cather who developed literary forms to cultivate restore and enrich the temporal environment He brings fresh attention to others who best exemplify this ecological motive arguing that E M Forster J B Priestley and V S Naipaul are leading figures in this practice of temporal redress Matz also reveals how contemporary film social media movements and public service efforts show what has become of the modernist interest in temporal stewardship Matz combines an array of disciplines including narrative theory sociology phenomenology cognitive psychology film studies queer theory and environmental studies to theorize and explain the rationale and the limits to the idea that time might be subject to textual cultivation *Modernist Time Ecology* is a deeply interdisciplinary book that changes what we think literature and the arts can do for the world at large      **Die Struktur des Zyklus Four quartets**

**von T.S. Eliot** Claudia Delank, 1982 T S Eliot's Four Quartets sind neben dem Waste Land die meistdiskutierten Gedichte seines Werkes Seit kurzem sind Manuskripte und Briefe zu den Four Quartets zugänglich so dass eine Auseinandersetzung mit der Entstehung und Konstruktion von Eliot's Spätwerk möglich geworden ist Die Arbeit geht von dem Ansatz aus dass nicht nur die Dichtung selbst sondern auch der Prozess des Dichtens Sinnreicher ist Einerseits wird Eliot's spezifisch dichterischer Weg andererseits das Verhältnis zwischen ursprünglich fixierten Intentionen und ihrer endgültigen Realisation kritisch betrachtet Neben dem dichterischen Prozess werden die Struktur der vier Einzelgedichte und ihr Zusammenschluss zum Zyklus untersucht      **Die Wandlung** Dolf Sternberger, 1945      Science Fiction & Fantasy Book Review Annual , 1991

**Kieler Beiträge zur Anglistik and Amerikanistik** , 1969      **Das Bild des Weges** Klaus Weiss, 1965      **The Literary Criterion** , 2005      **T. S. Eliot: Four Quartets** Bernard Bergonzi, 1970 The last major verse written by Eliot and what Eliot himself considered his finest work Four Quartets is a rich composition that expands the spiritual vision brought out in The Waste Land Here in four linked poems spiritual philosophical and personal themes emerge through symbolic allusions and

literary and religious references from both Eastern and Western thought *Four Quartets* is the culminating achievement by a man considered the greatest poet of the twentieth century and one of the seminal figures in the evolution of modernism Book jacket *T. S. Eliot: Four Quartets* Daniel O'Connor, 1969 **T.S. Eliot, an Author for All Seasons** Lidia Vianu, 1984

**University of Toronto Quarterly** University of Toronto, 1949 **Children's Literature** Francelia Butler, 1972

**Coleridge's Later Poetry** Morton D. Paley, 1996 The poems that Coleridge wrote after his golden period are seldom studied or anthologized Yet among the poems written after his most famous works are many of quality and interest addressing such universal themes as the nature of the self and the experience of unfulfilled love Paley examines the later verse in the context of Coleridge's oeuvre discusses what characterizes it and looks at why the poet felt he had to develop distinctively different modes of writing for these works To William Wordsworth is presented as a transitional poem exhibiting the vatic quality of earlier poems even while declaring that this quality must be abandoned Morton D Paley then explores the poetry of the abyss which he terms *The Limbo Constellation* and this is followed by poems on the theme of the self and of love The last chapter examines the role of epitaphs in the later works culminating in a study of the epitaph that Coleridge wrote for himself **Cross Currents**, 1961 **Modern Verse in English [1900-1950]** David Cecil, Allen Tate, 1962

Permanent Things Andrew A. Tadie, Michael H. Macdonald, 1995 *Permanent Things* reminds us that some of the century's most imaginative minds G K Chesterton T S Eliot C S Lewis Dorothy Sayers and Evelyn Waugh were profoundly at odds with the secularist spirit of the age seeing progressive enlightenment as ushering in not a millennium of perfect freedom but a *Waste Land* whose inhabitants Waugh's vile bodies Eliot's hollow men Lewis's men without chests can find refuge from their boredom and anomie only in the ceaseless acquisition of things or in the consoling illusions of pseudo religions distracted from distraction by distraction as Eliot memorably put it How does one explain the desolation of a world which though richly endowed with material comforts is mentally and spiritually impoverished The essayists here are united as were their subjects by a need to try to answer this question Modern man's poverty of spirit visible alike in so much of his art and architecture his literature and philosophy and political science reflects his loss of any good reasons for living his loss of the *Permanent Things* The Christian writers whose work is eloquently interpreted in this book repay our attention for at least two reasons First is their ability to sharpen our awareness of what by any previous civilized standards must be called the abnormal condition of modern man For all the writers treated in this book it was never enough to simply capture the spiritual aridity of modern life It was also necessary to speak of a moral order that may yet be restored by the expressive power and beauty of the written word BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Modern Age** Russell Kirk, 1994 Four Quartets T.S. Eliot, 1943
