

SEX, CULTURE AND MODERNITY IN CHINA

Medical Science and the Construction of
Sexual Identities in the Early Republican Period

Frank Dikötter

Sexculture Modernity In China

Frank Dikötter

Sexculture Modernity In China:

Sex, Culture, and Modernity in China Frank Dikötter, 1995-01-01 With the disintegration of Confucian cosmology after the fall of the imperial system in China medical science was introduced as an epistemological foundation for social order The construction of sexuality as a dangerous drive which was thought to form the very core of the individual led to the emergence of a wide range of identities like the menstruating girl the hysterical housewife the masturbating adolescent and the syphilitic husband The naturalization of desire also introduced a tension between the sexual responsibilities of the individual and the coercive intervention of civil society in the name of the collective health of future generations Although new categories of analysis such as population race sex woman and youth were introduced to early Republican China from abroad their reception and adaptation were founded on cultural reorientations which may have taken place as long before as the 17th and 18th centuries Instead of describing the rise of normative naturalism as a derivative discourse from the West this book recognizes that the roots of modernizing representations may have had to be sought in a rich and diverse past in China itself The author's analysis is based on medical and lay texts such as handbooks marriage guides and introductions to physiology and sexual hygiene The epilogue demonstrates how the sexual identities invented early this century are still in place in China today

Sex, Culture and Modernity in China Frank Dikötter, 1995 Sex emerged as an independent field of study during the New Culture Movement 1915 21 The anatomy of the reproductive system the physiology of internal secretions the nature of sex the determination of sexual differences the mechanisms of reproduction the genetic foundation of sexual differentiation and other related issues were investigated by a rapidly growing number of social thinkers The result was a flood of pamphlets booklets surveys and studies breaking what was called the conspiracy of silence around the mystery of sex or xingshenmi New society it was claimed had the right to investigate human sexual life scientifically

Familiengeschichte Rolf Peter Sieferle, 2008 Noch heute ist die Ansicht verbreitet es habe in der Vergangenheit eine traditionelle Großfamilie gegeben die von der modernen Kleinfamilie abgelöst wurde Demgegenüber hat die Forschung gezeigt da in Europa schon seit mindestens 1000 Jahren die neolokale Kleinfamilie dominant war Europa unterschied sich in dieser Hinsicht schon lange von anderen Agrargesellschaften In dem Band wird das nordwesteuropäische Familienmuster mit Familienformen in China und im islamischen Raum Arabien Osmanisches Reich verglichen unter der leitenden Fragestellung welche Rolle die Familie für den europäischen Sonderweg gespielt hat

The Culture of Sex in Ancient China Paul R. Goldin, 2002 The subject of sex was central to early Chinese thought Discussed openly and seriously as a fundamental topic of human speculation it was an important source of imagery and terminology that informed the

classical Chinese conception of social and political relationships This sophisticated and long standing tradition however has been all but neglected by modern historians In *The Culture of Sex in Ancient China* Paul Rakita Goldin addresses central issues in the history of Chinese attitudes toward sex and gender from 500 B C to A D 400 A survey of major pre imperial sources including some of the most revered and influential texts in the Chinese tradition reveals the use of the image of copulation as a metaphor for various human relations such as those between a worshiper and his or her deity or a ruler and his subjects In his examination of early Confucian views of women Goldin notes that while contradictions and ambiguities existed in the articulation of these views women were nevertheless regarded as full participants in the Confucian project of self transformation He goes on to show how assumptions concerning the relationship of sexual behavior to political activity assumptions reinforced by the habitual use of various literary tropes discussed earlier in the book led to increasing attempts to regulate sexual behavior throughout the Han dynasty Following the fall of the Han this ideology was rejected by the aristocracy who continually resisted claims of sovereignty made by impotent emperors in a succession of short lived dynasties Erudite and immensely entertaining this study of intellectual conceptions of sex and sexuality in China will be welcomed by students and scholars of early China and by those with an interest in the comparative development of ancient cultures

Remaking China's Public Philosophy and Chinese Women's Liberation Jinghao Zhou,2006 Views women's liberation as a comprehensive project and part of the process of China's democratization by using the prism of public philosophy to examine Chinese women's liberation in a global context

Women in China Mechthild Leutner,Nicola Spakowski,2005 The Chinese Republican period often seen as representing a continuum between Imperial China and the People's Republic of China was shaped by profound upheavals that also impacted strongly on gender relations This volume presents the latest research on the situation of women during the Republican period placing it in historical perspective In addition to contributions dealing with theoretical and methodological approaches to China related women's research a broad spectrum of experiences and discourses related to women in China is also considered women and the state women and the nation political women and their posthumous careers little traditions and discourses of otherness women in social and economic life and women's education Mechthild Leutner is professor of Chinese studies at the Freie Universität in Berlin Nicola Spakowski is a professor at the International University in Bremen

Chinese Ethics in a Global Context Karl-Heinz Pohl,Anselm Winfried Müller,2002 Pohl Chinese studies Trier U Germany and Muller philosophy Trier U present 16 contributions penned by U S German Taiwanese and Chinese scholars that explore the ethical viewpoints of their respective philosophical traditions The

collection is meant to be cross cultural at the same time as it attends to the political ideological rifts of the Western and Chinese regions After exploring theoretical issues of understanding ethics in a global context the contributors explore ethical and political values for Chinese and Western societies respectively Final papers offer a more explicitly comparative approach looking at such ideas as morality and the family medical ethics and jurisprudential attitudes towards human rights
