Third Party Sex Work and Pimps in the Age of Anti-trafficking Amber Horning,Anthony Marcus,2017-01-03 This volume is a compilation of new original qualitative and ethnographic research on pimps and other third party facilitators of commercial sex from the developed and developing world From African American pimps in the United States and Eastern European migrants in Germany to Brazilian cafet os and cafetinas this volume features the lives and voices of the men and women who enable diverse and culturally distinct sex markets around the world In scholarly popular and policy making discourses such individuals are typically viewed as larger than life hustlers violent predators and brutal exploiters However there is actually very little empirical research based knowledge about how pimps and third party facilitators actually live labor and make meaning in their everyday lives Nearly all previous knowledge derives from hearsay and post hoc reporting from ex sex workers customers police and government agents neighbors and self aggrandizing fictionalized memoirs This volume is the first published compilation of empirically researched data and analysis about pimps and third parties working in the sex trade across the globe Situated in an age of highly punitive and ubiquitous global anti trafficking law it challenges highly charged public policy stereotypes that conflate pimping and sex trafficking in order to understand the lived experience of pimps and the men and women whose work they facilitate

Rowlett,Rodrigo Borba,2025-02-27 This collection brings together established and exciting new voices to shed light on the language of and about sex work offering an empirically nuanced understanding of commercial sex through language While there is burgeoning literature on sex work in the social sciences there has been little work to date centering it from a linguistic perspective Chapters make the case for language as central to sex work practices and the transactions of intimacy in the negotiation of services promotional strategies and the performance of desire Featuring insights from diverse geographic contexts the chapters critically reflect on different dimensions of language and sex work including sex work gender and desire online sex work sex work and race sex worker advocacy and the language of victimization and exploitation The volume illuminates the ways in which commercial sex work is negotiated in embodied linguistic interaction and attendant issues of power identity gender race and desire This book systematizes the body of growing knowledge around language and sex work from an interdisciplinary lens It is key reading for scholars policymakers and activists in sociolinguistics and discourse analysis as well as fields such as anthropology sociology criminology and health and social care

Communication and Sex-role Socialization Cynthia Berryman-Fink,Deborah Ballard-Reisch,Lisa H. Newman,2015-10-23 Originally published in 1993 The essays in this book collectively seek to illuminate the role of communication and sex role socialization throughout the life cycle Section 1 addresses some important issues and behaviours that have an impact on the beginnings of the socialization process Section 2 covers socialization later on in relationships the workplace and the political arena while section 3 looks at manifestations of socialization through communication strategies and skills Finally section 4 addresses

ways to alter socialization through instructional practices in higher education The approach to studying sex role socialization varies by perspective and methodology and conclusions are interpreted in diverse ways but the results have been very similar and the research in this volume shows that the socialization of males and females continues to reinforce male dominance despite women s advancement toward equal status in society This work is of interest in the fields of sociology psychology anthropology and women s studies as well as communication **Sex and Gender** John Archer,Barbara Lloyd,2002-07-11

Sex and Gender is a substantially revised second edition of a classic text Adopting a balanced and straightforward approach to the often controversial study of sex differences the authors aim to introduce the reader to the fundamental questions relating to sex and gender in an accessible way at the same time as drawing on research in this and related areas New developments which are explored in this edition include the rise of evolutionary psychology and the influence of Social Role Theory as well as additional psychoanalytic and ethno methodological approaches which have all contributed to a greater understanding of the complex nature of masculinity and femininity Perceptions of People: Cues to Underlying Physiology and Psychology Kok Wei Tan,Lisa L. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
