The Shakespeare Claimants H. N Gibson, 2013-11-05 This edition first published in 1962 The Shakespeare Claimants is a critical survey of the great controversy that has raged over the authorship of the Shakespearean plays It provides the general reader with an outline history of this controversy and with a full description and analysis of the main anti Stratfordian arguments This book concentrates on the four main claimants Bacon Oxford Derby and Marlowe The book contains an extensive bibliography and footnotes to guide the reader through the text **"The" Shakespeare Claimants** Harry Norman Gibson, 1963 The Shakespeare Claimants. A Critical Survey of the Four Principal Theories Concerning the Authorship of the Shakespearean Plays. [The Four Claimants Being Bacon, Oxford, Derby and Marlowe. With Plates, Including Portraits, a Facsimile and a Bibliography.] Harry Norman Gibson, 1962 **The Shakespeare Claimants** H. N. Gibson, 2017-10-21 Excerpt from The Shakespeare Claimants A Critical Survey of the Four Principal Theories Concerning the Authorship of the Shakespearean Plays The Great Shakespeare Controversy like History and Science is a subject that goes on expanding New generations of theorists are constantly putting forward new claimants for the authorship of the immortal plays and orthodox scholars are constantly discovering new details about the life and background Of the Stratford actor which they beat into weapons to repel the new Invaders or use to make fresh raids into the domains of the older schools of thought There will therefore always be room for a new book that surveys the controversy historically especially if it can introduce a little novelty into its presentation of the facts It has been my business for many years to lecture on Shakespeare to senior forms in schools and to adults in w e a Classes and naturally from time to time I have been asked questions about the rival claimants to the authorship followed by the inevitable one what book would I recommend the questioners to read in order to get a general idea of the subject This has never been easy to answer The way in which the orthodox case has been presented is exceedingly diffuse Sometimes it has consisted of a chapter or two in a biography of Shakespeare some times it has been a special study of one type of argument such as the Friedmans work on the cryptograms and sometimes a counter attack on one particular school of thought while of course there are numerous papers dealing with individual arguments About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Das Théâtre du Soleil Simone Seym, 2017-01-20 William Shakespeare,

**The Millionaire and the Bard** Andrea Mays, 2015-05-12 The miraculous and romantic story of Shakespeare's First Folio and of the American industrialist whose thrilling pursuit of the book became a lifelong obsession Mays's narrative is so fast moving and peppered with such fascinating detail it almost reads like a thriller Entertainment Weekly Grade A When Shakespeare died in 1616 half of his plays died with him No one not even their author believed that his writings would last In 1623 seven years after his death Shakespeare's business partners companions and fellow actors gathered copies of his plays and manuscripts and published thirty six of them This massive book the First Folio was intended as a memorial to their deceased friend They could not have known that it would become one of the most important books ever published in the English language Over two and a half centuries later a young man fresh out of law school Henry Folger bought a book at auction a later 1685 edition Fourth Folio for 107 50 It was the beginning of an obsession that would consume the rest of his life Folger rose to be president of Standard Oil and he used his fortune to create the greatest Shakespeare collection in the world By the time he died Folger owned more First Folios than anyone and had founded the Folger Shakespeare Library where his collection still resides In *The Millionaire and the Bard* Andrea Mays spins the tale of Shakespeare and of his collector of the genius whose work we nearly lost the men who had the foresight to preserve it and the millionaire who centuries later was consumed by his obsession with it Effortless in its unadorned storytelling and exacting in its research this is a page turning detective story Publishers Weekly

Utility and Application of Language Corpora Niladri Sekhar Dash, L. Ramamoorthy, 2018-08-13 This book discusses some of the basic issues relating to corpus generation and the methods normally used to generate a corpus Since corpus related research goes beyond corpus generation the book also addresses other major topics connected with the use and application of language corpora namely corpus readiness in the context of corpus sanitation and pre editing of corpus texts the application of statistical methods and various text processing techniques Importantly it explores how corpora can be used as a primary or secondary resource in English language teaching in creating dictionaries in word sense disambiguation in various language technologies and in other branches of linguistics Lastly the book sheds light on the status quo of corpus generation in Indian languages and identifies current and future needs Discussing various technical issues in the field in a lucid manner providing extensive new diagrams and charts for easy comprehension and using simplified English the book is an ideal resource for non native English readers Written by academics with many years of experience teaching and researching corpus linguistics its focus on Indian languages and on English corpora makes it applicable to graduate and postgraduate students of applied linguistics computational linguistics and language processing in South Asia and across countries where English is spoken as a first or second language
