**Sexism** Marielouise Janssen-Jurreit, 1976      Feminist Interpretations of G. W. F. Hegel Patricia Jagentowicz Mills, 2010-11-01      *Myth, Matriarchy and Modernity* Peter Davies, 2010-02-26 This study explores the prevalence in German culture of myths about ancient matriarchal societies discussing their presence in left and right wing politics feminist and antifeminist writing sociology psychoanalysis and literary production By tracing the influence of the works of the Swiss jurist and theorist of matriarchy Johann Jakob Bachofen 1815 1887 and the controversies about the reception and interpretation of his work this study shows how debate about the matriarchal origins of culture was inextricably linked with anxieties about modernity and gender identities at the turn of the twentieth century By moving beyond the discussion of canonical authors and taking seriously the scope of the discussion it becomes clear that it is not possible to reduce matriarchal theories to any particular political ideology instead they function as a mythic counterdiscourse to a modernity conceived as oppressive rational and masculine Writers considered include Ludwig Klages Hofmannsthal Kafka Hauptmann Lou Andreas Salom Sir Galahad Clara Viebig Mathilde Vaerting Thomas Mann Elisabeth Langgesser Ilse Langner Otto Gross Franz Werfel and many others      **A Trail of Semen Down Through the Ages** Dr Geraldine Sharp, 2018-08-15 Why are men superior Why do men talk of their seed Why do women continue to be oppressed This book provides the answers It is an original ground breaking piece of work and exposes the missing link in theories of male superiority From the ancient world to modern times the possession of semen has provided proof for the superiority of the male Woman was a mistake of nature a misbegotten man a failed male Christianity absorbed these ideas into its sexual theology and the influence of Christian thought in the Western world especially on matters of sexuality cannot be denied The ancient truths about woman as a failed male and man as superior continue to exist and have meaning The three main world religions are complicit in this In light of current knowledge to continue with this discredited theology of semen is to sacrifice truth to the ideology of patriarchy

**Knowledge as Culture** E. Doyle McCarthy, 2005-08-16 Drawing on the Marxist French structuralist and American pragmatist traditions this is a lively and accessible introduction to the sociology of knowledge      **Alles, was ich schreibe, steht im Dienst der Frauen** Philippa Reed, 1987 Seit ihrer Wiederentdeckung durch die Frauenbewegung der siebziger Jahre wird das essayistische Werk Hedwig Dohms wieder gelesen in der vorliegenden Arbeit wird das weniger bekannte fiktionale Werk im Zusammenhang mit ihren Essays dargestellt Die Kommen Novellen und Romane werden als Teil und im Kontext des Gesamtwerks interpretiert um so erstmals die Konturen des schriftstellerischen Schaffens Hedwig Dohms als Ganzes herauszuarbeiten      **Monatshefte**, 1946      **Psychology** Susan Beers, 1996-06-28 A basic reference that helps the high school and college student and the general reader find appropriate material for study and aids instructors in planning class readings on the subject of psychology The annotated entries include books chapters of books and articles appropriate to an interested nonspecialist They include books geared to the serious reader high quality popular psychology books and

National fictions* Raphael Samuel,1989      **The Silent Subject** Brad Stetson,1996-01-30 When God willing the abortion  
controversy is behind us partisans of the pro life and pro choice positions are going to have to live together in this society  
That is why sloganeering and passionate polemics are inevitable civil conversation is essential And that is why The Silent  
Subject is such a gift to all of us at this point in the controversy From the foreword by Richard John Neuhaus The essays in  
this work constitute a sensitive public argument for a reconstruction of the confused yet dominant popular attitudes toward  
nascent human life and its value Unlike most pro life arguments it offers no strictly religious or exclusively sectarian  
warrants for its assertions instead bearing a more secular cast speaking to a generalized and pluralistic audience As a whole  
The Silent Subject embraces no specific particular political ideology Its contributors have a broad spectrum of professional  
interests political perspectives and social philosophies all of which indicates the fundamentally humanistic and apolitical  
nature of concern for the unborn and the degree to which they are esteemed This unusual book is a refreshingly candid and  
morally compelling analysis of the social forces that superintend our cultural outlook toward unborn human life      *ASHA*.

but neglected tradition of feminist thought In twenty one lively and inspiring portraits modern day feminists such as Alix  
Kates Shulman and Ann Oakley recapture the lives and work of the outstanding feminist thinkers of the last three centuries
