Sexo Tantra:

Sex und Bewusstsein Liz Goldwyn, 2023-08-23 Unsere Sexualität ist ein integraler Bestandteil von uns selbst und Ausdruck unserer Lebensenergie. Wie wir sie leben und erleben berührt unser ganzes Sein. Doch kulturelle Prägungen, gesellschaftliche Normen und Tabus stehen uns oft im Weg. Wie wir unser sexuelles Selbst zur Erkern und unsere Sinnlichkeit ohne Scham, Leistungsdruck oder Versagensangst völlig neu entdecken können, erklärt die Sexpositiv-Aktivistin Liz Goldwyn in ihrem ganzheitlichen Guide. Der Schlüssel liegt in einem größeren Bewusstsein. Störende Bedingungen wie die Orgasmic Breath Meditation oder Beckenbodentrainings sorgen für ein besseres Körpergefühl, mehr Selbstliebe und achtsame Kommunikation. Sie unterstützen uns dabei in einen lustvollen Flow zu kommen, mehr Intimität zu kreieren und die heilsame Urkraft sexueller Ekstase in ihrer ganzen Tiefe zu erfahren.

A Clinician's Guide to Systemic Sex Therapy Nancy Gambescia, Gerald R. Weeks, Katherine M. Hertlein, 2015-12-07 The second edition of *A Clinician's Guide to Systemic Sex Therapy* has been completely revised, updated, and expanded. This volume is written for beginning psychotherapy practitioners in order to guide them through the complexities of sex therapy and help them to be more efficient in their treatment. The authors offer a unique theoretical approach to understanding and treating sexual problems from a systemic perspective, incorporating the multifaceted perspectives of the individual client, the couple, the family, and the other contextual factors. Both beginning and experienced sex relationship therapists will broaden their perspectives with the Intersystem approach and gain information rarely seen in sex therapy texts, such as how to thoroughly assess each sexual disorder, the implementation of various treatment principles and techniques, how to incorporate homework, dealing with ethical dilemmas, understanding different expressions of sexual behavior, and addressing the impact of medical problems on sexuality. Aside from bringing the diagnostic criteria up to date with the DSM-5, this new edition contains a new chapter on sensate focus, an expanded section on assessment, more information about development across the lifespan, and more focus on diversity issues throughout the text.

Latina, 2002-04 Sexual Alchemy Donald Tyson, 2000 Chances are

that you've heard of Tantra and Taoist sexual practices. Now as a result of studying the inner mysteries of alchemy, Donald Tyson presents a Western system of sacred sexuality in *Sexual Alchemy*. Here you will learn how to have erotic relationships with loving spirits. That means the methods presented here can function as a Western alternative to Eastern sexual practices. They also can be used by a solitary person and need not depend upon the participation of a partner. The first part of this book presents a history of sex with spirits. It also goes into the secrets of Eastern internal alchemy and how the books of Western alchemy often made secretive references to sexual magick. You will also learn how to create a physical representation of the spirit you are going to use as a partner. The second part of the book includes the practices and techniques which the author found to be effective from other sources or developed himself. This includes techniques of diet, exercise, breathwork, banishings, purifications, and finally an invocation ritual to summon the spirit who is going to be your lover. Then you will learn the previously hidden secrets of having sex with a spirit lover. You'll learn how to prepare and recognize the signs that this is an actual occurrence and not simply a fantasy. And then when you have accomplished your ritualized mating, you will learn how to collect and use the resulting highly charged fluids for magical purposes. Everything we are, everything we have, is a gift from the Divine. Doesn't it make sense that we use all of our abilities to honor the source from which they came? That means we can even make use of our sensual natures to honor the Gods. If you want to follow a system based on Western traditions, this book can be your guide.

Sexual Lives: A Reader on the Theories and Realities of Human Sexualities Robert Heasley, Betsy Crane, 2003 This reader provides a social constructionist approach to teaching about sexuality. Its 65 selections combine a range of classic theoretical articles with a large number of original pieces organized to help students understand the ways sexuality influences every aspect of their lives. The reader focuses on the theoretical and the personal stories of people's sexuality. Personal narratives, many written by students, bridge the gap between theory and experience. The book invites the student into thinking about how sexuality itself is constructed as a result of norms, values, beliefs, and practices. It weaves together gender and sexuality, helping students understand the intersection between the two and the confusion in society when we find people don't easily fit into categories.
