Sexual Abuse In Christian Homes And Churches:

Sexual Abuse in Christian Homes and Churches Carolyn Holderread Heggen,1993 What sets this book apart from the many others on the topic is the emphasis on how a church congregation can begin to work to heal the wounds of sexual abuse and prevent further abuses from happening Church members often must at the same time offer love understanding and healing to survivors while confronting and still loving the perpetrator **Responding to Abuse in Christian Homes** Nancy Nason-Clark,Catherine Clark Kroeger,Barbara Fisher-Townsend,2011-03-04 Domestic abuse is a horror It lurks beneath the surface of our collective existence sometimes raising its ugly head where least expected in the church or within families of faith Are we individually or collectively ready to respond What can or should congregations and their pastoral leaders do And as we survey the Christian landscape across the United States and Canada are we as the community of faith stepping up to the challenge presented by violence in the family There is no easy answer to the problems that surface when abuse impacts the Christian family But each of the authors contributing to this volume believes fervently that it is imperative that followers of Jesus and their spiritual shepherds respond to the cries for help To respond well necessitates both knowledge and a willingness to act This book is here to help It represents a collective effort to bring all of us a step farther in our journey of walking with Christ over a sea of troubled waters None of us know as much as we should but all of us can learn from one another Throughout the collection we provide an opportunity to examine a diversity of perspectives with the hope that each will in some way advance our understanding of the complexity of domestic violence issues in our midst within our churches and the communities where our churches minister *The Sexual Abuse of Women by Members of the Clergy* Kathryn A. Flynn,2010-07-27 The sexual abuse and exploitation of women by members of the clergy is not a new issue What is new is the public s growing understanding of what is involved when members of the clergy ignore or repeatedly fall short of legal and ethical requirements to adhere to the expected standards of conduct This work is based on the author s study of 25 women from 11 states who were sexually abused by members of the clergy A primary goal of the study was to help the violated women understand their experiences and make available to educators practitioners and others concrete information about what it means to be sexually exploited by a trusted religious representative The author also considers the viability of a trauma model to study the impact of such sexual abuse on women and on their relationships with others and presents her findings that the participants did exhibit symptoms that strongly correspond with the classical and complex trauma criteria used **God and the Victim** Jennifer Erin Beste,2007-09-28 How does severe interpersonal harm affect our freedom and the ways in which we relate to ourselves others and God This book addresses the challenges that trauma and feminist theory pose to cherished theological convictions about human freedom and divine grace **Push Back the Dark** Elizabeth M. Altmaier,2017-01-09 Adults in your church small group or other Christian organization are silently suffering the tragic consequences of having been sexually abused as children or youth Why aren t they coming forward for help Their reluctance

may be related to wounds given by the faithful religious people they trusted who said things like well it wasn't rape or it's been thirty years why is this such a big deal Such responses from people with religious authority deepen victims need to shrink into anxiety depression and self degradation This book offers you the tools needed to undertake caring ministry to adults suffering in the aftermath of childhood sexual abuse Once you understand the scientific research on such topics as trauma memory consequences of abuse and forgiveness you will appreciate how caring collaboration can create hope and healing In these pages every reader will find helpful content that will take you from feeling out of your depth to knowing you are empowered to be an effective companion in God's transforming work in the lives of survivors of abuse

Disarming the Church Eric A. Seibert, 2018-04-11 If Christians follow the Prince of Peace why do they often behave so violently What can be done to transform the church so that it looks more like Jesus Eric Seibert explores these questions in this important and timely study He builds a biblical and practical case for living nonviolently in all areas of life and urges Christians to reexamine their most fundamental attitudes toward violence warfare and killing Through true stories and careful analysis Seibert demonstrates that it is possible to resolve conflict correct injustice and stop oppression without resorting to violence Many nonviolent alternatives are discussed throughout the book alternatives that can be used in a wide range of situations from dealing with an unwanted intruder at home to removing a dictator from power In a world filled with so much violence hate and fear alternatives like these are desperately needed This book offers hope that a better way is possible one that has the potential to transform the church and change the world So read on and join in

Strengthening Families and Ending Abuse Nancy Nason-Clark, Barbara Fisher-Townsend, Victoria Fahlberg, 2013-06-04 Strengthening families of different varieties and ending abuse in the myriad of forms through which it surfaces is God's way of bringing peace and safety to Christian homes across the world We challenge congregations their leaders and the men women and youth who faithfully support them to consider their personal role in bringing this vision inspired by the Scriptures into reality Together our voices can be strong We are united in our belief that every home should be a safe home every home a shelter from the storms of life every home a place where we are supported treated with respect and dignity and every home a place where men and women are encouraged to be all they can be It is a tall order It is a dream to guide our personal conduct and to measure our congregational and community life We are far from reaching this goal but toward it we strive
