**Why Women Have**

**Sex** Cindy M. Meston, David M. Buss, 2009-09-29 An unparalleled exploration of the mysteries underlying women's sexuality that rivals the culture shifting Kinsey Report from two of America's leading research psychologists Do women have sex simply to reproduce or display their affection When University of Texas at Austin clinical psychologist Cindy M Meston and evolutionary psychologist David M Buss joined forces to investigate the underlying sexual motivations of women what they found astonished them Through the voices of real women Meston and Buss reveal the motivations that guide women's sexual decisions and explain the deep seated psychology and biology that often unwittingly drive women's desires sometimes in pursuit of health or pleasure or sometimes for darker disturbing reasons that a woman may not fully recognize Drawing on more than a thousand intensive interviews conducted solely for the book as well as their pioneering research on physiological response and evolutionary emotions Why Women Have Sex uncovers an amazingly complex and nuanced portrait of female sexuality They delve into the use of sex as a defensive tactic against a mate's infidelity protection as a ploy to boost self confidence status as a barter for gifts or household chores resource acquisition or as a cure for a migraine headache medication Why Women Have Sex stands as the richest and deepest psychological understanding of female sexuality yet achieved and promises to inform every woman's and her partner's awareness of her relationship to sex and her sexuality

Stimpson, Ethel Spector Person, 1980 **Shameless Propositions** Alice Elaine Adams, 2010 Pleasure and Danger Carole S. Vance, 1984 A good deal of discussion of homosexuality male and female P Thorslev Women, Sex and Desire Elizabeth Davis, 1995 A discussion of women's sexuality examines how natural sexual cycles are expressed at each stage of life and includes information on hormonal influences menopause and common health concerns Satisfaction Anita H. Clayton, 2007 Why are so many women dissatisfied with their sex lives Something is missing from their intimate encounters either they're not interested in sex anymore or they are interested but can't get aroused or they can get aroused but have neither the desire nor the energy to follow through Their relationships are suffering Many women find themselves wondering what's

wrong with them If you're a woman and any of this sounds familiar Dr Anita H Clayton wants you to know that there's nothing wrong with you what's wrong is the ridiculous fantasies you've been sold about sex and the unrealistic expectations you cling to We all want to make love the way they do in the movies where the woman swoons with desire before the man even gets near her and once he does gasps collapses and hurtles headlong into orgasm in twenty seconds tops Now how often does that happen in real life Not very because in real life it takes at least that long to get your panty hose off not to mention locking the door locked so the kids don't barge in In this irreverent and revolutionary volume Dr Clayton lays bare hidden facets of female sexuality that are rooted in the psyche and can catapult a woman either into a cathartic bout of ecstasy or against the headboard into yet another disappointment Through compelling case histories she explores why many women would rather put up with unsatisfying sex than tell their lovers how to please them how buried feelings about childbearing can affect a woman's erotic potential and why an orgasm you have during intercourse is no more real or legitimate than one you achieve through other means Dr Clayton also shines a light on sexual attitudes that have a dramatic impact on young girls and teens and details how motherhood and menopause may affect but need not diminish a woman's capacity for sexual pleasure Dr Clayton believes that women should have high expectations for their sex lives but that these expectations should come from visceral intimate knowledge of ourselves what is normal for us and what feels good to us She wants you to consider and eventually own the concept of yourself as every bit as sexual as a sex symbol Indeed the only person who should symbolize sex for you is you

The Sex You Want Marcia Douglass, Lisa Douglass, 2003-01-02 So many women are dissatisfied with their sexual relationships even all these years after the sexual revolution but what is it that women really want In The Sex You Want authors Lisa and Marcia Douglass answer this age-old question and much more touching on subjects that include how women's sexuality is influenced by societal forces how women can fall into unhealthy sexual patterns and how the way we talk about or censor discussions on sex affects our everyday practices and offer ways to reverse the damaging consequences With a detailed description of the female anatomy and a section on how to achieve the utmost in orgasmic pleasure The Sex You Want will help women take control of their sexuality in ways that will not only change how they relate to their bodies but how they live in the world This new paperback version is illustrated and comes with a revised introduction A smart new sex guide A step toward helping women own and appreciate their bodies Glamour

The Sexual Instinct James Foster Scott, 1898 *Manhood, Womanhood, and Their Mutual Interrelations* Orson Squire Fowler, 1870 **Women, Sexuality and the Political Power of Pleasure** Susie Jolly, Andrea Cornwall, Kate Hawkins, 2013-06-13 This pioneering collection explores the ways in which positive pleasure-focused approaches to sexuality can empower women Gender and development has tended to engage with sexuality only in relation to violence and ill health Although this has been hugely important in challenging violence against women over-emphasizing these negative aspects has dovetailed with conservative ideologies that associate women's sexualities with danger and fear On the other hand the media

the pharmaceutical industry and pornography more broadly celebrate the pleasures of sex in ways that can be just as oppressive often implying that only certain types of people young heterosexual able bodied HIV negative are eligible for sexual pleasure Women Sexuality and the Political Power of Pleasure brings together challenges to these strictures and exclusions from both the South and North of the globe with examples of activism advocacy and programming which use pleasure as an entry point It shows how positive approaches to pleasure and sexuality can enhance equality and empowerment for all A New View of Women's Sexual Problems Elyn Kaschak, Leonore Tiefer, 2014-02-25 Take a new look at women's sexuality This fascinating book looks at the wide ranging therapeutic social and political implications of the new paradigm of women's sexuality International in scope and multidisciplinary in approach A New View of Women's Sexual Problems examines the theoretical and practical effects of the landmark document produced by the Working Group on a New View of Women's Sexuality The book brings together gender theory psychology social science and medicine in a powerful cultural critique of the reigning medical approach to women's sexual health International experts from India Costa Rica Israel the US and many other cultures place this revolutionary idea in cultural and political context as well as extrapolating fresh new treatment options for dealing with women's sexual problems A New View of Women's Sexual Problems analyzes the new paradigm's implications in many fields including family medicine couples counseling for straight and lesbian partners STD prevention and sexual health issues sex therapy sex education feminist theory developmental psychology

**The Hite Report** Shere Hite, 2003-11-04 A reproduction of the classic text unavailable now for more than a decade with a new introduction by the author The Hite Report first published in 1976 was a sexual revolution in six hundred pages To answer sensitive questions dealing with the most intimate details of women's sexuality Hite's innovation was simple she asked women a lot of them everything and published the results One hundred thousand women ages fourteen to seventy eight were asked what they do and don't like about sex how orgasm really feels with and without intercourse how it feels not to have an orgasm during sex the importance of clitoral stimulation and masturbation and to name the greatest pleasures and frustrations of their sexual lives among many other questions The Hite Report declares that orgasm is easy and strong for women given the right stimulation that most women have orgasm most easily during masturbation or clitoral stimulation by hand that sex as we define it is a cultural institution not a biological one and that attitudes must change to include the stimulation women desire Human Sexuality Joseph Richardson Parke, 1906 Hip-hop Revolution Jeffrey Ogbonna Green Ogbar, 2007 As hip hop artists constantly struggle to keep it real this fascinating study examines the debates over the core codes of hip hop authenticity as it reflects and reacts to problematic black images in popular culture placing hip hop in its proper cultural political and social contexts
