How to Be a Film Critic in Five Easy Lessons Christopher K.

Brooks,2019-12-02 How to Be a Film Critic in Five Easy Lessons addresses the serious matter of the increasing gap between the published opinions of professional film critics and the reception of popular film by traditional movie goers especially millennial movie fans Recent reactions to the low grades emanating from Rotten Tomatoes the iconic film review aggregation site have inspired various constituencies to call for significant changes including some major studio CEOs some actors and the readers of reviews themselves A new generation and breed of film critics is needed not raised to please baby boomers or Generation X movie fans but younger viewers who make up 30% of ticket buyers This study examines all this and offers five categories of film reviewers plying their trade as models of consistency New critics have to start somewhere most often in college film classes and deciding what type of critic one wants to be begins here

Shadowculture's Mr. Cranky Presents MR Cranky,2004-05-01 *Blessings of Disaster* Michel Bruneau,2022-11-08 Are we doomed As individuals certainly eventually inevitably But as a species As a civilization Leading catastrophe engineer Michel Bruneau thinks perhaps not The Blessings of Disaster draws on knowledge from multiple disciplines to illustrate how our civilization s future successes and failures in dealing with societal threats be they pandemics climate change overpopulation monetary collapse and nuclear holocaust can be predicted by observing how we currently cope with and react to natural and technological disasters Maybe most importantly this entertaining and often counter intuitive book shows how we can think in better ways about disasters to strengthen and extend our existence as both individuals and as a species When it comes to rare extreme events such as earthquakes hurricanes floods tornados volcanic eruptions technological accidents terrorist attacks pandemics and even existential threats it is in our nature to set ourselves up for disasters because the gamble may be worth it But only maybe The Blessing of Disaster is the very real story of the relationship between humans and disasters and it s not a simple one Bringing together his decades long career spanning the globe as an earthquake and disaster engineer detailed catastrophe case studies from extreme events like Japan s Kobe earthquake and category 5 hurricanes in the American South along with thoughtful and practical solutions Bruneau provides a thorough examination of the structural challenges that face today s and tomorrow s world How we cope with today s threats is indicative of what the future holds Contrary to popular

forecasts it is not all gloom and doom but some of it definitely is
