Shakespeare Identified Vol II:

Shakespeare Beyond Doubt Paul Edmondson, Stanley Wells, 2013-04-18 Did Shakespeare write Shakespeare This authoritative collection of essays brings fresh perspectives to bear on an intriguing cultural phenomenon "Shakespeare" Identified in Edward De Vere, Seventeenth Earl of Oxford, and The Poems of Edward de Vere J. Thomas Looney, 1975 Donated by Sydney Harris **Moniment** Paul Hemenway Altrocchi, MD, 2014-08-21 Most people are completely unaware that the Shakespeare authorship question is the greatest cultural mystery in Western Civilization Few realize that Will Shaksper of Stratford on Avon was an uneducated grain speculator and real estate investor who could not read or write yet he was chosen as the front man for a fraudulent conspiracy perpetrated by Queen Elizabeth s chief counselor Robert Cecil for reasons of monarchical succession greed and power The astonishing power of Conventional Wisdom has kept the ruse going perpetrated by Professors of English who cannot break the tenacious shackles of their guild mythology and thus refuse to believe the reams of authoritative evidence discovered in the past century in favor of Edward de Vere 17th Earl of Oxford as Shakespeare Volume 10 of this anthology series Moniment contains eighteen brilliant compelling articles by highly qualified authorship experts who convincingly reinforce the case for Edward de Vere and annihilate the completely impossible candidacy of the illiterate Stratford Man Judge Philip Howerton Jr BA JD It doesn t take an academically based person to realize that the quarter page of known facts of William Shaksper s life can be mastered by a twelve year old and that all the rest of the stuff that has been written in the attempt to connect his life and the works by Professors Brown Chambers Chute Rowse Schoenbaum et al ad nauseam is and always has been as Vladimir Nabokov once put it in another context thirty two percent nonsense and fifty of neutral padding Scottish Author Josephine Tey called it tonypandy a nonsensical untrue story grown to legend and accepted by the public in the face of all evidence to the contrary Michael H Hart Ph D in Astrophysics Princeton Author of The 100 A Ranking of the Most Influential Persons in History I made a serious error in the first edition when without carefully checking the facts I simply followed the crowd and accepted the Stratford man as the author of the Shakespeare plays Since then I have carefully examined the arguments on both sides of the question and have concluded that the weight of the evidence is heavily against the Stratford man and in favor of de Vere Transactions and Proceedings of the Royal Society of New Zealand Royal Society of New Zealand, 1886 Includes proceedings of member institutes of the Society and of the Society s Science Congress through v 84 1956 57 **On the Date, Sources and Design of Shakespeare's The Tempest** Roger A. Stritmatter, Lynne Kositsky, 2013-08-19 This book challenges a longstanding and deeply ingrained belief in Shakespearean studies that The Tempest long supposed to be Shakespeare s last play was not written until 1611 In the course of investigating this proposition which has not received the critical inquiry it deserves a number of subsidiary and closely related interpretative puzzles come sharply into focus These include the play s sources of New World imagery its festival symbolism and structure its relationship to William Strachey s True Reportory account of the

1609 Bermuda wreck of the Sea Venture not published until 1625 and the tangled history of how and why scholars have for so long misunderstood these matters Publication of some preliminary elements of the authors arguments in leading Shakespearean journals starting in 2007 ignited a controversy that became part of the critical history This book presents the case in full for the first time **Shakespeare's Apprenticeship** Ramon Jiménez,2018-09-24 The contents of the Shakespeare canon have come into question in recent years as scholars add plays or declare others only partially his work Now new literary and historical evidence demonstrates that five heretofore anonymous plays published or performed during his lifetime are actually his first versions of later canonical works Three histories The Famous Victories of Henry the Fifth The True Tragedy of Richard the Third and The Troublesome Reign of John a comedy The Taming of a Shrew and a romance King Lear are products of Shakespeare s juvenile years Later in his career he transformed them into the plays that bear nearly identical titles Each is strikingly similar to its canonical counterpart in terms of structure plot and cast though the texts were entirely rewritten Virtually all scholars critics and editors of Shakespeare have overlooked or disputed the idea that he had anything to do with them This addition of five plays to the Shakespeare canon introduces a new facet to the authorship debate and supplies further evidence that the real Shakespeare was Edward de Vere seventeenth Earl of Oxford

The Shakespeare Controversy Warren Hope,Kim Holston,2009-07-15 Theories stating that plays attributed to Shakespeare were in fact written by other authors have existed for more than 200 years some theories have been ridiculed and reviled while some have gained growing popular and scholarly support The history of the Shakespeare controversy is presented in this revised edition of the 1992 work with much new information and three additional chapters Part I documents and critically assesses the most important theories on the authorship question Part II is an annotated bibliography arranged chronologically of the many works that deal with the controversy from its vague beginnings to the present Great Oxford Richard Malim,2004 2004 is the quatercentenary of the death of Edward de Vere 17th Earl of Oxford This collection of 39 essays is published in celebration of his life and achievements Oxford a key figure of the English Renaissance at the heart of Elizabethan court and cultural events has a substantial claim to authorship of the works of Shakespeare There is an increasingly recognised problem in relating the life of the man from Stratford to the knowledge and cast of mind displayed in the works which now bear his name This book is a benchmark for future disucssion and research in the Authorship debate
