Radial Basis Function Neural Networks With Sequential Learning, Progress In Neural Processing Ying Wei Lu,P Saratchandran,Narasimman Sundararajan,1999-10-04 This book presents in detail the newly developed sequential learning algorithm for radial basis function neural networks which realizes a minimal network This algorithm created by the authors is referred to as Minimal Resource Allocation Networks MRAN The book describes the application of MRAN in different areas including pattern recognition time series prediction system identification control communication and signal processing Benchmark problems from these areas have been studied and MRAN is compared with other algorithms In order to make the book self contained a review of the existing theory of RBF networks and applications is given at the beginning

Radial Basis Function Networks 1 Robert J.Howlett,2001-03-27 The Radial Basis Function RBF neural network has gained in popularity over recent years because of its rapid training and its desirable properties in classification and functional approximation applications RBF network research has focused on enhanced training algorithms and variations on the basic architecture to improve the performance of the network In addition the RBF network is proving to be a valuable tool in a diverse range of application areas for example robotics biomedical engineering and the financial sector The two volumes provide a comprehensive survey of the latest developments in this area Volume 1 covers advances in training algorithms variations on the architecture and function of the basis neurons and hybrid paradigms for example RBF learning using genetic algorithms Both volumes will prove extremely useful to practitioners in the field engineers researchers and technically accomplished managers

Multi-Resolution Methods for Modeling and Control of Dynamical Systems Puneet Singla,John L. Junkins,2008-08-01 Unifying the most important methodology in this field Multi Resolution Methods for Modeling and Control of Dynamical Systems explores existing approximation methods as well as develops new ones for the approximate solution of large scale dynamical system problems It brings together a wide set of material from classical orthogonal function

Fully Tuned Radial Basis Function Neural Networks for Flight Control N. Sundararajan,P. Saratchandran,Yan Li,2013-03-09 Fully Tuned Radial Basis Function Neural Networks for Flight Control presents the use of the Radial Basis Function RBF neural networks for adaptive control of nonlinear systems with emphasis on flight control applications A Lyapunov synthesis approach is used to derive the tuning rules for the RBF controller parameters in order to guarantee the stability of the closed loop system Unlike previous methods that tune only the weights of the RBF network this book presents the derivation of the tuning law for tuning the centers widths and weights of the RBF network and compares the results with existing algorithms It also includes a detailed review of system identification including indirect and direct adaptive control of nonlinear systems using neural networks Fully Tuned Radial Basis Function Neural Networks for Flight Control is an excellent resource for professionals using neural adaptive controllers for flight control applications
