The Handbook of Emergent Technologies in Social Research Sharlene Nagy Hesse-Biber, 2011-01-15 Emergent technologies are pushing the boundaries of how both qualitative and quantitative researchers practice their craft and it has become clear these changes are dramatically altering research design from the questions researchers ask and the ways they collect data to what they even consider data. Gathering a broad range of new developments in one place, *The Handbook of Emergent Technologies in Social Research* offers comprehensive up-to-date thinking on technological innovations. In addition to addressing how to effectively apply new technologies such as the internet, mobile technologies, geospatial technologies, GPS, and the incorporation of computer-assisted software programs like CAQDAS to qualitative, quantitative, and mixed methods approaches to research projects, many chapters provide in-depth examples of practices within both disciplinary and interdisciplinary environments and outside the academic world in multi-media laboratories and research institutes. Not only an authoritative view of cutting-edge technologies and their applications, the Handbook examines the costs and benefits of utilizing new technologies on the research process, the potential misuse of these techniques for methods practices, and the ethical and moral dimensions of emergent technologies, especially with regard to issues of surveillance and privacy. *The Handbook of Emergent Technologies in Social Research* is an essential resource for research methods courses in various fields including the social sciences, education, communications, computer science, and health services, and an indispensable guide for social researchers looking to incorporate emerging technologies into their methods and practice. **Horrible**

White People Taylor Nygaard, Jorie Lagerwey, 2020-11-24 Examines the bleak television comedies that illustrate the obsession of the white left with its own anxiety and suffering. At the same time that right-wing political figures like Donald Trump were elected and reactionary socio-economic policies like Brexit were voted into law, representations of bleakly comic white fragility spread across television screens. American and British programming that featured the abjection of young middle-class liberal white people such as *Broad City*, *Casualty*, *You're the Worst*, *Catastrophe*, *Fleabag*, and *Transparent* proliferated to wide popular acclaim in the 2010s. Taylor Nygaard and Jorie Lagerwey track how these shows of the white left, obsessed with its own anxiety and suffering, are complicit in the rise and maintenance of the far right, particularly in the mobilization, representation, and sustenance of structural white supremacy on television. Nygaard and Lagerwey examine a cycle of dark television comedies, the focus of which are horrible white people, by putting them in conversation with similar upmarket comedies from creators and casts of color like *Insecure*, *Atlanta*, *Dear White People*, and *Master of None*. Through their analysis, they demonstrate the ways these non-white-centric shows negotiate prestige TV's dominant aesthetics of whiteness and push back against the centering of white suffering in a time of cultural crisis. Through the lens of media analysis and feminist cultural studies, Nygaard and Lagerwey's book opens up new ways of looking at contemporary television consumption and the political, cultural, and social repercussions of these horrible white people shows, both on and off screen.

The Glitches within the Human Race Stuart Miller, 2022-01-05 I provide a deep analytical and philosophical explanation of why certain cultural and social issues exist With each topic I discuss what it is give examples for each and break down each example providing more detail of just some of the possible reasons as to why people do them possible mentalities I also provide some of my own experiences and everything discussed in this book I have personally witnessed and or have gone thru I included the following Situations based on personal experience and or witnessing them with some online research to support certain issues My perception perspective and mentality on various issues that affects everyone to some degree Quotes that further support certain chapter topics Philosophies analogies and comparisons to provide better contextual clarification on certain issues Detailed breakdown of the examples provided within each chapter Explanation of what it will take to help fix each of these issues Some of the many possible reasons why people behave the way they do and some of the possible motives intentions and life experiences from both sides person doing the behavior and the person receiving the treatment Solutions to all the topics that are discussed changes that we need to make with how we think and act towards others Furthermore I provide much thought provoking material to challenge the way we think and view society in ways you might not have considered I discuss many unhealthy mentalities and behaviors which is damaging to people on a much larger scale and it s having a much greater influence on others both directly and indirectly in ways that we do not even realize This book is something the whole world needs to read and here is why Providing solutions to some of the biggest cultural and social issues which have existed for far too long The way the world is with how we treat others is badly broken and some of the solutions are in this book which the world needs the solutions I provide We do the same or similar behaviors towards others expecting different results and this is not working at all We need to step outside our comfort zone by changing their behaviors in ways we re not used to doing to get something you ve never had you must first do something that you ve never done The world needs to be less close minded and use less tunnel vision the mind is like a parachute it can t work if it s not opened I see the world differently and the purpose of this book is to share different ways of looking at situations and the numerous possibilities to take into consideration I share my perception and perspective viewpoint mentality and some of my own philosophies I provide a more in depth perspective of looking at a variety of life situations and the possible reasons as to why people choose to treat others the way they do I think a lot of people might find this content in general interesting beneficial inspiring and or even life changing
