Information is provided on campus based sources of financial aid such as credit for prior learning programs, financial and career information services, loans, modified tuition plans, and related support services, scholarships, and student employment. Also covered are community based resources including banks and lending institutions, business industry and unions, military and voluntary civic and not for profit agencies. Profiles are presented for 70 financial aid practices/programs. Each profile covers the details of the practice, how it originated, its eligibility requirements, the number of participants, and the college office that coordinates the practice. The profiles are divided into two sections: practices utilizing campus based sources of financial aid and those using community based sources of financial aid. It is noted that the most widely available community based aid source for adult students is business and industry, which often has tuition aid plans for employees. Company sponsored instruction is also a widespread practice. SW
