**The American Community College** League for Innovation in the Community College (U.S.), 1997      **Assessment and Testing** Trudy Haffron Bers, Mary L. Mittler, Mary Mittler, 1994 Assessment programs and practices often are proclaimed as central components of the community college enterprise However the myths that have become part of the assessment lore are sometimes more widespread than the realities Assessment and testing while necessary and worthwhile activities can be confusing expensive undertakings that may or may not contribute to the effectiveness of an institution This volume of *New Directions for Community Colleges* addresses the realpolitik of assessment and testing from a variety of perspectives and examines the possible shortcomings threats and benefits inherent in each The practical considerations strategies recommendations and assessment methodologies presented in this issue serve as a guide to assessment and testing for the novice as well as the seasoned professional      **Implementing Effective Policies for Remedial and Developmental**

**Education** Jan M. Ignash, 1997 In 1894 forty percent of college freshmen enrolled in pre collegiate programs to prepare for regular college coursework In Fall 1995 twenty nine percent of entering freshmen enrolled in at least one remedial course The debate over the need for and appropriateness of remedial developmental education at the postsecondary level has spanned a century The upcoming 1998 Reauthorization of the Higher Education Act has added fuel to the debate Legislators educators and the general public are asking questions and raising accountability issues Who needs remedial developmental education Why does the need for it appear to be increasing How much does it cost Who should pay for it Are remedial developmental programs effective Who should provide it Legislators and the public are upset over the perception that they are paying twice for the same education once in high school and once again in college Educators are concerned about the potential devaluation of higher education through the provision of large amounts of remedial developmental education And

students too are unhappy with the time and expense necessary to develop English and math skills that they should have learned in high school Each chapter of this volume addresses a specific policy question involved in the debate over remedial developmental education and uses national and state data as well as information from case studies of individual institutions to provide insights into effective approaches to remedial developmental education This is the one hundredth issue of the quarterly journal *New Directions for Community Colleges* For more information on the series please see the Journals and Periodicals section
