Practice Of Love Lesbian Sexuality And Perverse Desire:

The Practice of Love Teresa De Lauretis, 1994 Between 1970 and now in conjunction with earlier and contemporaneous social movements feminism and poststructuralism have made way for the rise of minority discourse and gay and lesbian studies as fields of scholarly and theoretical research Conceived from the vantage point of the latter this book returns to Freudian psychoanalysis and semiotics to the questions of representation subjectivity desire and their relations to social signification and material reality

Women, Writing, and Fetishism, 1890-1950 Clare L. Taylor, 2003 Clare L Taylor investigates the problematic question of female fetishism within modernist women's writing 1890 1950 Drawing on gender and psychoanalytic theory she re examines the works of Sarah Grand Radclyffe Hall H D Djuna Barnes and Ana's Nin in the context of clinical discourses of sexology and psychoanalysis to present an alternative theory of female fetishism challenging the perspective that denies the existence of the perversion in women

That Obscure Subject of Desire Ronnie Lesser, Erica Schoenberg, 2013-11-12 An interdisciplinary collection of papers on Freud's sixth and final case psychogenesis of a case of homosexuality in a woman To date this case has received very little attention which can be seen as a sign of the marginalization of lesbians in both psychoanalytic theory and culture This text seeks to rectify this neglect providing a forum where questions surrounding this case can be discussed This edition first published in 1999 Routledge is an imprint of Taylor Francis an informa company

Cross-Purposes Dana A. Heller, 1997-07-22 innovative and important thinking about the various relations between feminist theory queer theory and lesbian theory as well as the possibility that liberation can be mutual rather than mutually exclusive Lambda Book Report Challenging and interesting Just Out A collection of fifteen interdisciplinary essays examining the history current condition and evolving shape of lesbian alliances with U S feminists Contributors explore the social and aesthetic significance of the terms lesbian and feminist with the interest of reforming and strengthening them

Space, Time and Perversion Elizabeth Grosz, 2018-10-24 Exploring the fields of architecture philosophy and queer theory Grosz shows how feminism and cultural analysis have conceptually stripped bodies of their specificity their corporeality and the vestigial traces of their production as bodies She investigates the work of Michel Foucault Teresa de Lauretis Gilles Deleuze Judith Butler and Alphonso Lingis considering their work by examining the ways in which the functioning of bodies transforms understandings of space and time knowledge and desire Grosz moves toward a radical consideration of bodies and their relationship to transgression and perversity

Straight Writ Queer Richard Fantina, 2006-09-27 The advent of gay and lesbian studies as an academic field opened the door for a new exploration of sexuality in literature Here works generally considered heterosexual are re examined in the light of queer theory The notion of homosexuality is viewed as a social construction that emerged during the 19th century with a definitive difference between biological sex and gendered behavior Heterosexuality is determined by whether sexual performance conforms to society designated gender roles From this wider perspective this book examines literature previously viewed as straight in a

search for alternative manifestations of desire and performance relationships that contain an apparent disconnect between gender and desire. With broad coverage of many periods, authors, and genres, the 17 essays identify inherently queer heterosexual practices and critique the idea of heteronormativity, blurring the line between homo and heterosexuality. Topics discussed include sodomy and chastity, Victorian literature, the relationship between sex, gender, and desire, and the instability in literary portrayals of gender and sexuality. George Eliot, George Meredith, Ernest Hemingway, and Rider Haggard are among the many authors discussed.

Freud's Drive: Psychoanalysis, Literature and Film Teresa De Lauretis, 2008-04-04

Teresa De Lauretis makes a bold and original argument for the renewed relevance of the Freudian theory of drives through close readings of texts ranging from cinema and literature to psychoanalysis and cultural theory.

[Feminism Meets Queer Theory](#) Elizabeth Weed, Naomi Schor, 1997-07-22

Innovative and important thinking about the various relations between feminist theory, queer theory, and lesbian theory, as well as the possibility that liberation can be mutual rather than mutually exclusive.

Lambda Book Report When feminism meets queer theory, no introductions seem necessary. The two share common political interests: a concern for women's and gay and lesbian rights, and many of the same academic and intellectual roots. And yet they can also seem like strangers needing mediation, translation, clarification. This volume focuses on the encounters of feminist and queer theories on the ways in which basic terms such as male and female, man and woman, black and white, sex, gender, and sexuality change meaning as they move from one body of theory to another. Along with essays by Judith Butler, Evelyn Hammonds, Biddy Martin, Kim Michasiw, Carole Anne Tyler, and Elizabeth Weed, there are interviews with Judith Butler, Rosi Braidotti, and Gayle Rubin in separate revealing discussions. And there are critical exchanges: Rosi Braidotti and Trevor Hoppe exchange comments on his reading of her work, and Teresa de Lauretis responds to Elizabeth Grosz's review of her recent book.

Journal of the History of Sexuality, 2005

Pornography and Sexual Representation Joseph W. Slade, 2001

For better or worse, pornography and sexual representation suffuse American culture. This first comprehensive guide to the literature includes the history of pornography in the United States and discusses pornography in a vast range of media. It presents information regarding bibliographies and reference tools concerning pornography and reviews of references devoted to the histories of sexuality and its representations and on theoretical works on erotica and pornography. A chronology of important dates in the history of American Pornography and a discussion of child pornography outline issues and events throughout its history. Dramatic, visual, and electronic media are gathered and arranged by topic. Pornography in all of its forms is explored in this three-volume reference. Slade includes many avenues upon which pornography and sexual representation have had an impact, including research and policy in the medical and social sciences, the law in the United States, and the economics of pornography. An invaluable tool for further research, this guide to the literature of pornography and sexual representation will appeal to scholars and students of popular culture, gender, and women's studies, and gay and lesbian studies. It will also interest those in the field of American history and mass media.
