Broyde, Reuven Travis, 2023-10-20 It would seem that we have taken on an impossible task in this book trying to demonstrate to modern Americans be they secular or religious Jews or Christians that the sacrificial rites found in Leviticus have any germaneness to their lives After all to the extent that any modern reader turns to the pages of Leviticus at all the notion that they would be inspired by the text and pine for the restoration of animal sacrifices is ludicrous However Leviticus is more than laws of sacrifices As we demonstrate Leviticus sets forth a template for nation building via large regularly scheduled communal gatherings intended to foster national unity and identity among the Jewish people *Community College Journal* ,2003

**Community College Missions in the 21st Century** Barbara K. Townsend, Kevin James Dougherty, 2006 This volume reexamines the community college s functional missions in the context of both long established and emerging societal missions Written for college leaders scholars and policymakers Community College Missions in the 21st Century addresses the most pressing questions concerning community colleges including Is the societal mission of a community college to provide postsecondary education to students who might not otherwise obtain it or to be responsive to the needs of local communities including business and industry Should its dominant functional mission be to provide transfer education so that students can eventually attain a baccalaureate or should the institution concentrate on workforce training and continuing education Given demographic shifts and pressures to be accountable and demonstrate student learning are the traditional community college missions still relevant What makes discussions of community college missions so intriguing is that the answer to each of these questions is potentially yes depending on one s perspective on the role of community colleges in America s education system This volume examines these questions and others through various perspectives using specific case studies and examining broader more national perspectives This is the 136th volume of New Directions for Community Colleges a quarterly journal published by Jossey Bass Click here to view the entire list of titles from New Directions for Community Colleges **International Journal on School Disaffection** ,2006 *Michigan Journal of Community Service Learning* ,2006 **History of the U.S. Army Cadet Command** Leo J.
