## **Practising Angels:**

The Targum of Judges Willem Smelik, 2021-12-06 This book forms a contribution to the vexing question of the origin and growth of the Targum to the Prophets It provides an in depth analysis of the Targum of Judges on the basis of new materials unpublished manuscripts a new tool bilingual concordance and a new method analysis of consistency A critical review of previous research concerning the Targum s origin and growth is followed by an analysis and collations of many Western manuscripts a systematic comparison of the Targum with the ancient translations a study of its exegetical traditions and a thorough examination of its consistency On this basis it is suggested that the Targum assumed its basic form in the second century CE due to the emergency of the rabbinic tradition but outside the context of the synagogue

Dictionary of Alchemy Mark Haeffner, 2004-01-31 Alchemy is a rich and complex esoteric tradition that has flourished world wide since the beginning of recorded history if not earlier There are three main traditions Western Christian Indo tibetan and Chinese Taoist Within this diversity there are many common features which are analysed organized and brought together in this comprehensive dictionary of terms symbols and personalities This dictionary is the distillation of many years research into the extensive arcane literature It is a reference work to guide the readers through the labyrinth of pre Newtonian science and philosophy The dictionary covers not only the materialist dimension of the search for the elixir of life and the transmutation of metals but also the inner search for the gold of mystical illumination Jung called alchemy the projection of a drama both cosmic and spiritual in laboratory terms This opus alchymicum goes beyond the bare analysis and interpretation of terms to present a harmonic integrated vision of man and nature which may help to heal the fragmented world view of modern science
