Prash And Ras:

Prash and Ras Noel D. Williams, 1997 Disparate worlds collide in Williams's two novellas *In My Planet of Ras* a young German woman joins a Rastafarian commune in Jamaica Under the guidance of Selassie reader and healer with herbs Ikael artist painter and Kilmanjaro master drummer and under the healing influence of the herb of nations she learns to marvel and to understand the true nature of community You and I talking one and one that is community Hardest thing to build these days Not enough empty reflecting silence like mortar to build with Williams portrayal of the rootedness the inner calm and visionary enlightenment of the group is movingly convincing not least because the novella realistically conveys the group's vulnerability temptations and the costs of their denials In their rejection of materialism and competition they indeed have to live as if they are on another planet constantly threatened by the surrounding Babylon What Happening There Prash is a contrary and equally convincing portrayal of the magnetic pull of North America and its offer of the possibilities of individual recognition competitive edge and material success Prash and his wife Sookmoon abandon the decaying socialist republic of Guyana for New York and for Sookmoon at least there is the chance eagerly seized to remake her life as a liberated woman But when Prash gets mixed up in some serious drugs business he discovers that the freedom of the market has its price

Rastafari and the Arts Darren J. N. Middleton, 2015-02-11 Drawing on literary musical and visual representations of and by Rastafari Darren J N Middleton provides an introduction to Rasta through the arts broadly conceived The religious underpinnings of the Rasta movement are often overshadowed by Rasta's association with reggae music dub and performance poetry *Rastafari and the Arts* An Introduction takes a fresh view of Rasta considering the relationship between the artistic and religious dimensions of the movement in depth Middleton's analysis complements current introductions to Afro Caribbean religions and offers an engaging example of the role of popular culture in illuminating the beliefs and practices of emerging religions Recognizing that outsiders as well as insiders have shaped the Rasta movement since its modest beginnings in Jamaica Middleton includes interviews with members of both groups including Ejay Khan Barbara Makeda Blake Hannah Geoffrey Philp Asante Amen Reggae Rajahs Benjamin Zephaniah Monica Haim Blakk Rasta Rocky Dawuni and Marvin D Sterling

Encyclopedia of Post-Colonial Literatures in English Eugene Benson, L.W. Conolly, 2004-11-30 Post Colonial Literatures in English together with English Literature and American Literature form one of the three major groupings of literature in English and as such are widely studied around the world Their significance derives from the richness and variety of experience which they reflect In three volumes this Encyclopedia documents the history and development of this body of work and includes original research relating to the literatures of some 50 countries and territories In more than 1 600 entries written by more than 600 internationally recognized scholars it explores the effect of the colonial and post colonial experience on literatures in English worldwide **Julie Mango** Noel D. Williams, 2004 These nine short stories explore the often transient Caribbean experience both from the perspective of those who have left the

islands and returned and those who are dealing with the repercussions of their decisions not to leave The characters speak with a self conscious honesty about their choices and peer in from the outer edges of Caribbean society to discuss everything from the homophobic element of the Rastafarian movement to their personal desires to escape restrictive Caribbean definitions of their own personas All of the stories share a common plea for tolerance *The Caribbean* Erika J. Waters,1999-06 **New West Indian guide** ,1999 *Natural Mysticism* Kwame Senu Neville Dawes,1999 Dawes takes an in depth look at reggae as an artistic form exploring how reggae is both uniquely Jamaican and a music of world wide appeal His writing communicates his infectious enthusiasm for his subject "What is the Earthly Paradise?" Chris Campbell,Erin Somerville,2007 The Caribbean is such a region a geographic location prone to intense environmental activity and a history of environmental degradation leaves it ecologically and economically vulnerable Divided into two sections this work provides an insight into the Caribbean environment by examining environmental problems in practice and cultural responses **The Caribbean Writer** ,2000 **Bibliographic Guide to Latin American Studies** ,1979 *G.K.
