## **Fantasy Football Act Practice Update:**

Media Literacy in Action Renee Hobbs, 2024-10-14 There's never been a more important time for students to develop media literacy competencies. When students ask critical questions about the media they consume, they develop fundamental knowledge and critical thinking skills that prepare them for life work and meaningful citizenship. Media Literacy in Action addresses learners who are simultaneously active as both creators and consumers of media messages. At the same time, the book recognizes that everyone is vulnerable to media influence because of our dependence on the instant gratification and feelings of connectedness that digital platforms provide. To thrive in a media-saturated society, people need to ask critical questions about what we watch, see, listen to, read, and use. This book gives students those tools. Key features of the second edition: Critical examination of AI technologies, algorithmic personalization, data privacy, and surveillance; and the increased global regulation of digital platforms. Attention to media literacy for empowerment and protection. Inquiry-oriented approach to learning that cultivates intellectual curiosity and creative expression. Full-color presentation with figures and photos to increase student engagement. Each chapter includes Media Literacy Trailblazers: Profiles of key thinkers and their theories connect students with the discipline of media literacy. Media Literacy DISCourse NEW: Visual representations of media literacy theoretical principles help learners internalize the practice of asking critical questions as they respond to specific media examples. Learning in Action NEW: Summary and vocabulary sections combine with Analyze, Create, Reflect, and Act activities to empower students to apply ideas from each chapter. Supplemental Materials available at [www.mlaction.com](http://www.mlaction.com). Students can review key ideas, learn about more Media Literacy Trailblazers, and watch videos aligned with each chapter. Instructors can access a Teacher's Guide of best practices in class activities, homework, and projects. Also available are chapter summaries, lecture slides, YouTube playlists, and test materials.

**Impacts and Implications for the Sports Industry in the Post-COVID-19 Era** Faganel, Armand, Rižnar, Igor, Baruca, Arne, 2021-06-25 The sports industry had impressive global growth over the years with factors from the introduction of e-sports and new streaming and viewing methods to sponsorships and digital media contributing to its rise. However, the COVID-19 pandemic brought upon a rapid change in this sector. Sports seasons ended abruptly, people's escape from reality suddenly vanished, their spending attitudes changed, live games and commercial flights were suspended, hotels were impossible to book, and consumers practically turned into prisoners within their own homes. No live sports matches were to follow on any media, either so specialized sports channels were forced to play old recordings rather than broadcasting new events. Even athletes themselves struggle to stay relevant and thus try to utilize creative methods to enhance their brand value in these difficult times. With most of the sports leagues shut down during the pandemic, with a few exceptions which performed in empty venues, the restrictions diminished the sports experience compared to the pre-COVID-19 era, and the impacts were widespread. **Impacts and Implications for the Sports Industry in the Post-COVID-19 Era** explores the changes that have been and will continue to be created by the

unexpected disruptions that occurred as a result of the pandemic within the sports industry fans consumption and recreational habits The chapters explore the status of sports after the pandemic paths to recovery and the future of sports along with the many impacts and issues that have arisen due to changes in the industry necessitated by COVID 19 Covering important topics such as mental health impacts on athletes and coaches the market value for professional sports consumer behavior during COVID 19 and the changes in marketing tourism and business this book is ideally intended for sports managers marketers broadcasting agencies media specialists brand managers fitness professionals practitioners stakeholders researchers academicians and students interested in the impacts on the sports industry and the outlook for sports in the post COVID 19 era
