The Political Economy of

European Football Dariusz Wojtaszyn,Daniel Fitzpatrick,Roland Benedikter,2024-11-27 This book explores the contemporary dynamics of European football s political economy mapping the various market and regulatory forces that shape its current position and development Offering a conceptual framework for understanding political economy as applied to the study of football this book presents in depth case studies from Central and Eastern Europe a region largely underexplored in the research literature that enable the reader to gain a sense of the rich history and diversity of the economic and social contexts in which European football is shaped The first part of this book sets out the market structure of football in Europe and considers how key trends of globalisation and hypercommercialisation have been addressed through attempts to incentivise and regulate the football market It presents a theoretical framework for political economy in football and explores key issues including football and economic development UEFA s Financial Fair Play regulations sponsorship in football and the socio economic conditions of hooligan violence The second part of the book looks more closely at Central and Eastern Europe Presenting case studies of aspects of political economy in football in Romania Poland East Germany Austria and Hungary including development of the women s game this book shows how the economic development of European football has been uneven not only subject to global trends but also dependent on local historical political economic and organisational conditions Opening up new perspectives on the complex interactions between states sports organisations markets and society this book will be fascinating reading for anybody with an interest in football the history politics or business of sport or political economy as a field of scholarly enquiry

Lower League Football in Crisis Daniel

Ziesche,2020-10-01 While the field of football studies has produced an abundance of literature on professional top league

football there is little research output to do with the non top level football This book explores the relationship between the top and lower leagues laying open the drastic schisms that exist between the different levels The study links the developments at the top level of English and German football in the past 30 years to transformational processes in lower league football Illustrating how the hegemonic status of top football weighs hard on the spheres below it depicts how it also serves as a blueprint for lower league football clubs strategies in coping with a threefold dilemma of institutional legitimacy that shows itself in economic cultural and social dimensions Taking the different club structures in both national contexts as a starting point it portrays both the efficacy of institutional frameworks and how these can be challenged from below This research will be of interest to students and scholars across football studies sports studies the sociology of sport and organisation studies
