Prayer For Innocence:

Monastery Without Walls Bruce L. Davis, PhD, 2001-06-21 There is a part of each of us that is a monk or a mystic We yearn for perfect peace yet live our lives far removed from traditional monasteries yet most of us would not want to give up our personal and spiritual freedom to join monastic life We seek wholeness but realize that wholeness is not possible without sacredness Sacred life takes root in solitude in the time we take to develop a relationship with our inner life in the kind of setting a monastery would offer This book speaks to the monk or mystic within us It affirms our place in the sacred silence of solitude and inner reflection showing how even everyday life is filled with opportunities to live fully in the world as if it were a holy monastery Here we learn to live within the limits as well as the spirit of everyday life how to appreciate our most human self as the path to explore the divine Here we encounter a world that is clearly available to us a world filled with nothing less than the gift of sacred silence within the monastery without walls

Prayerbook of Christ Brad Pribbenow, 2018-08-31 The contributions of Dietrich Bonhoeffer to the fields of systematics ethics sociology and theology have become well known in recent decades What has been overlooked however is the significant contribution he has also made to the study and interpretation of the Psalms Bonhoeffer's approach to the Psalms is built upon an understanding of its relationship to prayer and to Jesus Christ the Crucified One Employing methods drawn from both premodern and modern exegetes Bonhoeffer develops a Christological interpretation of the Psalms which in certain key aspects has not been seen in the history of interpretation His is an interpretation informed by the historical reality of Jesus Christ praying the prayers of the Psalms in his incarnation As the church of today prays the Psalms it is encouraged by understanding that they are also praying the very words which Jesus prayed The Psalms are not only the prayerbook of the church more fundamentally they are the prayerbook of Jesus Christ In this book Pribbenow explores Bonhoeffer's unique Christological interpretation of the Psalms by means of a concentrated analysis of its development coherence and significance tracing it from its formation at Berlin University into the years of development at the Confessing Church Preacher's Seminary in Finkenwalde and through the months of interrogation and imprisonment at the hands of the Third Reich
