Preaching Another Jesus Decoding Dan Browns Davinci Code Hoax:

Preaching Another Jesus Shawn McDonnell, 2004-09 Preaching Another Jesus Decoding Dan Brown s DaVinci Code Hoax Abetted by his carefully applied image of scholarly piety Dan Brown has pushed his way into many Christian homes on an allegedly missionary agenda THE DaVINCI CODE has been consumed by millions worldwide as revelatory history and a moving call for us to return to the rich spirituality of the early Apostolic Church But deferring to Brown s teachings is like inviting a Jehovah s Witness into your kitchen Broadly stated their objective may seem noble and Christian but as soon as they start in on the specifics it becomes clear they are preaching another Jesus A large population of nominal Christians have been led into a false promise of enlightenment by a smug and supercilious armchair provocateur teaching things which he ought not for filthy lucre s sake From the Foreword to PREACHING ANOTHER JESUS **Outsider Theory** Jonathan Eburne, 2018-09-18 A vital and timely reminder that modern life owes as much to outlandish thinking as to dominant ideologies What do the Nag Hammadi library Dan Brown s The Da Vinci Code speculative feminist historiography Marcus Garvey s finances and maps drawn by asylum patients have in common Jonathan P Eburne explores this question as never before in Outsider Theory a timely book about outlandish ideas Eburne brings readers on an adventure in intellectual history that stresses the urgency of taking seriously especially in an era of fake news ideas that might otherwise be discarded or regarded as errant unfashionable or even unreasonable Examining the role of such thinking in contemporary intellectual history Eburne challenges the categorical demarcation of good ideas from flawed wild or bad ones addressing the surprising extent to which speculative inquiry extends beyond the work of professional intellectuals to include that of nonprofessionals as well whether amateurs unfashionable observers or the clinically insane Considering the work of a variety of such figures from popular occult writers and gnostics to so called outsider artists and pseudoscientists Eburne argues that an understanding of its circulation and recirculation is indispensable to the history of ideas He devotes close attention to ideas and texts usually omitted from or marginalized within orthodox histories of literary modernism critical theory and continental philosophy yet which have long garnered the critical attention of specialists in religion science studies critical race theory and the history of the occult In doing so he not only sheds new light on a fascinating body of creative thought but also proposes new approaches for situating contemporary humanities scholarship within the history of ideas However important it might be to protect ourselves from bad ideas Outsider Theory shows how crucial it is for us to know how and why such ideas have left their impression on modern day thinking and continue to shape its evolution The Da Vinci Code Nicky Gumbel, 2006 What is The Da Vinci Code about What does Dan Brown himself believe and what is his evidence Where does the truth lie In this short booklet the author addresses these and other questions **The Da Vinci Hoax** Carl E.
