*EU Anti-Discrimination Law Beyond Gender* Uladzislau Belavusau,Kristin Henrard,2018-11-15 The EU has slowly but surely developed a solid body of equality law that prohibits different facets of discrimination While the Union had initially developed anti discrimination norms that served only the commercial rationale of the common market focusing on nationality of a Member State and gender as protected grounds the Treaty of Amsterdam 1997 supplied five additional prohibited grounds of discrimination to the EU legislative palette in line with a much broader egalitarian rationale In 2000 two EU Equality Directives followed one focusing on race and ethnic origin the other covering the remaining four grounds introduced by the Treaty of Amsterdam namely religion sexual orientation disabilities and age Eighteen years after the adoption of the watershed Equality Directives it seems timely to dedicate a book to their limits and prospects to look at the progress made

and to revisit the rise of EU anti discrimination law beyond gender This volume sets out to capture the striking developments and shortcomings that have taken place in the interpretation of relevant EU secondary law Firstly the book unfolds an up to date systematic reappraisal of the five newer grounds of discrimination which have so far received mostly fragmented coverage Secondly and more generally the volume captures how and to what extent the Equality Directives have enabled or at times prevented the Court of Justice of the European Union from developing even broader and more refined anti discrimination jurisprudence Thus the book offers a glimpse into the past present and it is hoped future of EU anti discrimination law as despite all the flaws in the Union s Garden of Earthly Delights it offers one of the highest standards of protection in comparative anti discrimination law     Atypical Employment Lei Delsen,1995     Atypische Beschäftigung Emmerich Tálos,1999     **Fixed Term Contracts and Labour Market Efficiency in the European Union** Klaus Schömann,1995     **In Arbeit: Zukunft** Ingrid Kurz-Scherf,2005     **Precarious Jobs in Labour Market Regulation: the Growth of a Typical Employment in Western Europe** Gerry Rodgers,Janine Rodgers,1989     **Employee Relations Bibliography and Abstracts Journal** ,1990     **International Labour Documentation** ,1991     *University of British Columbia Law Review* University of British Columbia,1999     **Oñati Proceedings** ,1993     *Social Europe* ,1993
