PRECISE INTRIGUES

Precise Intrigues

Sylvie Kurtz

Precise Intrigues:

Medieval Intrigue Ian Mortimer, 2010-09-16 In this important new work Ian Mortimer examines some of the most controversial questions in medieval history including whether Edward II was murdered his possible later life in Italy the weakness of the Lancastrian claim to the throne in 1399 and the origins of the idea of the royal pretender Central to this book is his ground breaking approach to medieval evidence He explains how an information based method allows a more certain reading of a series of texts He criticises existing modes of arriving at consensus and outlines a process of historical analysis that ultimately leads to questioning historical doubts as well as historical facts with profound implications for what we can say about the past with certainty This is an important work from one of the most original and popular medieval historians writing today

Harlequin Intrigue April 2024 - Box Set 1 of 2 B.J. Narrative and Drama Olga Ragusa, 2020-10-26 No detailed description available for Narrative and Drama

The Deviant Mystique Scott Grills, Robert Prus, 2003-02-28 Adopting a symbolic interactionist perspective and building extensively on the ethnographic research tradition this book analyzes the mystique that often accompanies deviance by examining deviance as an ongoing feature of community life Because deviance is approached in nonprescriptive ways as a product of community interchange the emphasis here is on the ways in which deviance is defined engaged and regulated It is examined as the product of human association as something that is generated by people as they interact with one another assume viewpoints and initiatives and try to influence and resist one another within the context of community life Prus and Grills do not attempt to address various deviant behaviors instead they provide

readers with a glimpse into how deviance is formulated practiced viewed and treated Who defines deviance Why What are the effects of deviance on others How do subcultures form These and other questions are answered in this unique approach to the study of deviance Providing a conceptually coherent framework for approaching the study of deviance as an ongoing feature of the human community the authors pay special attention to the many theaters of operation in which people come together and engage one another with respect to morality and deviance Recognizing that audience definitions of deviance are pivotal to community notions of reality and actual interaction consideration is given to the interrelated processes of defining deviance identifying deviants regulating deviance informally and formally and experiencing treatment and disinvolvement This thoughtful consideration serves to shed new light on the mystique that has been created around ideas about deviance

Mysterious Motions and Other Intriguing Phenomena in Physics G. Ranganath,2002 This book dwells upon intriguing examples and situations that are not generally analysed or discussed in standard textbook and formal courses in physics In this book a majority of the examples are from classical physics which forms an essential part of our education Each of the six chapters covers a major area of physics and is subdivided into sections each of which has a running theme

Captivating Stories of Intrigue Comedy & Adventure Paul Mitch,2018-11 A truly fascinating book that is blessed with an abundance of amazing stories that range from high adventure hilarious comedy to mystery and intrigue
