Pregnant Is Beautiful:

Pregnant & Beautiful! Lindsay R. Curtis, Curtis Lindsay, Cynthia Hazeltine, 1985 **Perfect Me** Heather Widdows, 2020-02-25 How looking beautiful has become a moral imperative in today's world. The demand to be beautiful is increasingly important in today's visual and virtual culture. Rightly or wrongly being perfect has become an ethical ideal to live by and according to which we judge ourselves good or bad a success or a failure. Perfect Me explores the changing nature of the beauty ideal showing how it is more dominant, more demanding and more global than ever before. Heather Widdows argues that our perception of the self is changing. More and more we locate the self in the body not just our actual flawed bodies but our transforming and imagined ones. As this happens we further embrace the beauty ideal. Nobody is firm enough, thin enough, smooth enough or buff enough not without significant effort and cosmetic intervention. And as more demanding practices become the norm, more will be required of us and the beauty ideal will be harder and harder to resist. If you have ever felt the urge to make the best of yourself or worried that you were letting yourself go, this book explains why. Perfect Me examines how the beauty ideal has come to define how we see ourselves and others and how we structure our daily practices and how it enthralls us with promises of the good life that are dubious at best. Perfect Me demonstrates that we must first recognize the ethical nature of the beauty ideal if we are ever to address its harms. **Active Pursuit of Pregnancy** Isabel Fassbender, 2021-12-06 What is ninkatsu? Who promotes and governs this active pursuit of pregnancy? Trying to answer these questions, this unprecedented publication exhibits how mass media, policymakers and biomedical science, corporate capitalism govern the individual's reproductive choices in contemporary Japan through gendered discourses of self-improvement, life planning and biomedical technology. Analyzing a broad range of media, popular science and government material, it links historical and social processes with an original theoretical framework on self-governance, neoliberalism and postfeminism. While deeply engaging with Japanese sources, this rich scholarship takes the study of reproductive politics beyond Japan. This book is not only of interest for Japanese studies scholars but more broadly also those curious about neoliberal government strategies, gender and biomedical capitalism. **New Femininities** R. Gill, C. Scharff, 2013-05-31 This collection of original essays looks at the way in which experiences and representations of femininity are changing and explores the possibilities for producing new femininities in the twenty-first century. The volume includes a Preface by leading feminist scholar Angela McRobbie. **His Pregnant Sleeping Beauty (The Hollywood Hills Clinic, Book 6) (Mills & Boon Medical)** Lynne Marshall, 2016-06-01 Rescuing the runaway.
