Prehistory Of The Carson Desert And Stillwater Mountains

William C. Sturtevant

Prehistory Of The Carson Desert And Stillwater Mountains:

Prehistory of the Carson Desert and Stillwater Mountains Robert L. Kelly, 2001 This study examines prehistoric use of the Stillwater Marsh in the Carson Desert of western Nevada and the adjacent Stillwater Mountains based on an archaeological survey undertaken in 1980 and 1981 and excavations conducted in 1987

Submerged Prehistory in the Americas John M. O'Shea, 2023-05-08 This book presents an overview of the exciting new developments in underwater research in North America ranging from new approaches for discovering submerged sites to an assessment of how these findings challenge the understanding of the North American past Archaeological sites preserved on the world's continental shelves are relevant to a wide range of major research questions and their importance increases with the heightened awareness of climate change and rising modern sea levels Once thought lost forever these sites survive underwater preserved from the ravages of modern farming and development To investigate the submerged landscapes archaeologists use many of the same technologies developed for discovery of shipwrecks but couple them with anthropological and environmental models to identify and study the way of life of people residing in these ancient lands In this book leading figures associated with submerged site exploration share an emphasis on the conduct and results of underwater research It will be a fascinating read for advanced students of Archaeology History and Environmental Studies This volume was originally published as a special issue of The Journal of Island and Coastal Archaeology

Case Studies in Environmental Archaeology Elizabeth Reitz, C. Margaret Scarry, Sylvia J. Scudder, 2008 This book highlights studies addressing significant anthropological issues in the Americas from the perspective of environmental archaeology The book uses case studies to resolve questions related to human behavior in the past rather than to demonstrate the application of methods Each chapter is an original or revised work by an internationally recognized scientist This second edition is based on the 1996 book of the same title The editors have invited back a number of contributors from the first edition to revise and update their chapter New studies are included in order to cover recent developments in the field or additional pertinent topics

Perspectives on Prehistoric Trade and Exchange in California and the Great Basin Richard E. Hughes, 2012-03-13 This volume investigates the circumstances and conditions under which trade exchange direct access and or mobility best account for material conveyance across varying distances at different times in the past

Beyond Foraging and Collecting Ben Fitzhugh, Junko Habu, 2002-10-31 This volume includes new research on the theoretical implications regarding the mechanisms of change in the geographical distribution of hunter gatherer settlement and land use It focuses on the long term changes in the hunter gatherer settlement on a global scale including research from several continents It will be of interest to archaeologists and cultural anthropologists working in the field of the forager collector model throughout the world

The Great Basin Donald Grayson, 2011-04-18 Covering a large swath of the American West the Great Basin centered in Nevada and including parts of California Utah and Oregon is named for the unusual fact that none of its rivers or streams flow into the sea This fascinating

illustrated journey through deep time is the definitive environmental and human history of this beautiful and little traveled region home to Death Valley the Great Salt Lake Lake Tahoe and the Bonneville Salt Flats Donald K Grayson synthesizes what we now know about the past 25 000 years in the Great Basin its climate lakes glaciers plants animals and peoples based on information gleaned from the region s exquisite natural archives in such repositories as lake cores packrat middens tree rings and archaeological sites A perfect guide for students scholars travelers and general readers alike the book weaves together history archaeology botany geology biogeography and other disciplines into one compelling panorama across a truly unique American landscape Archaeology in America Linda S. Cordell,Kent Lightfoot,Francis McManamon,George Milner,2008-12-30 The greatness of America is right under our feet The American past the people battles industry and homes can be found not only in libraries and museums but also in hundreds of archaeological sites that scientists investigate with great care These sites are not in distant lands accessible only by research scientists but nearby almost every locale possesses a parcel of land worthy of archaeological exploration Archaeology in America is the first resource that provides students researchers and anyone interested in their local history with a survey of the most important archaeological discoveries in North America Leading scholars most with an intimate knowledge of the area have written in depth essays on over 300 of the most important archaeological sites that explain the importance of the site the history of the people who left the artifacts and the nature of the ongoing research Archaeology in America divides its coverage into 8 regions the Arctic and Subarctic the Great Basin and Plateau the Great Plains and Rocky Mountains the Midwest the Northeast the Southeast the Southwest and the West Coast Each entry provides readers with an accessible overview of the archaeological site as well as books and articles for further research *Prehistoric Lifeways in the Great Basin Wetlands* Brian E. Hemphill,Clark Spencer Larsen,1999 An examination of how the earliest inhabitants of the Great Basin in Nevada Utah and Oregon made use of the ancient marshes and lakes *Great Basin and Sierra Nevada* David R. Lageson,Stephen George Peters,Mary M. Lahren,2000-01-01 The Archaeology of Trapper Cliff Shelter Brooke S. Arkush,2013 Archaeology: Down to Earth David Hurst Thomas,Robert L. Kelly,2007 This new brief edition pairs two of archaeology s most recognized names David Hurst Thomas of the American Museum of Natural History and Robert L Kelly of the University of Wyoming to bring a passionate down to earth introduction to archaeological method and theory to the classroom Designed both for students who intend on pursuing a career in archaeology as well as those who do not the authors give students a more immediate concrete impression of what the practice of archaeology is all about They include well chosen examples that show how archaeologists have worked through actual problems in the field and in the lab After using this text students will be better able to ask questions solve problems and discern truth from fiction Students will not only learn about the nature of archaeological data and how archaeologists do such things as archaeological survey and excavation they will also develop their sense of scientific logic and gain a better understanding of what career opportunities are available for archaeologists This edition is enhanced

with new pedagogical features many more photos and a completely new design to help students prioritize and learn the material presented A rich array of supplemental resources includes a new companion website as well as the option to use a new CD ROM DOING FIELDWORK ARCHAEOLOGICAL DEMONSTRATIONS also developed by the authors Important Notice Media content referenced within the product description or the product text may not be available in the ebook version
