Marriage Records in the Virginia State Library John Vogt,1988 This is an updated edition to microfilm and manuscript materials for Virginia marriage records found in the Archives Branch of the Virginia State Library in Richmond Virginia **Jacques Loeb** Charles Rasmussen,Rick Tilman,1998 German born Jacques Loeb was both a biologist nominated for the Nobel Prize in Med in 1901 political activist The authors highlight Loeb s organizational actions political opinions during the years of 1906 to 1924 the year he died As a social activist scientist Loeb influenced the scientific community the politically sensitive public ultimately the population against conservative reactionary attitudes toward race ethnicity poverty criminality war religion He took positions on WW 1 social activism his influence on the economist Thorstein Veblen finally philosophy politics Loeb was hailed early in his career for his work on spontaneous generation of marine embryos recognized later for his active challenge to social intolerance The Source Loretto Dennis Szucs,Sandra Hargreaves Luebking,2006

Genealogists and other historical researchers have valued the first two editions of this work often referred to as the genealogist's bible. The new edition continues that tradition. Intended as a handbook and a guide to selecting, locating, and using appropriate primary and secondary resources, *The Source* also functions as an instructional tool for novice genealogists and a refresher course for experienced researchers. More than 30 experts in this field—genealogists, historians, librarians, and archivists—prepared the 20 signed chapters, which are well written, easy to read, and include many helpful hints for getting the most out of whatever information is acquired. Each chapter ends with an extensive bibliography and is further enriched by tables, black and white illustrations, and examples of documents. Eight appendixes include the expected contact information for groups and institutions that persons studying genealogy and history need to find. Red Book, 3rd edition Alice Eichholz, 2004-01-01. No scholarly reference library is complete without a copy of *Ancestry's Red Book*. In it, you will find both general and specific information essential to researchers of American records. This revised 3rd edition provides updated county and town listings within the same overall state-by-state organization. Whether you are looking for your ancestors in the northeastern states, the South, the West, or somewhere in the middle, *Ancestry's Red Book* has information on records and holdings for every county in the United States, as well as excellent maps from renowned mapmaker William Dollarhide. In short, the *Red Book* is simply the book that no genealogist can afford not to have. The availability of census records such as federal, state, and territorial census reports is covered in detail. Unlike the federal census, state and territorial censuses were taken at different times and different questions were asked. Vital records are also discussed, including when and where they were kept and how. Virginia State Documents, 2005. *The Hidden Half of the Family* Christina K. Schaefer, 1999. Offers information on finding female ancestors in each state, highlighting those laws, both federal and state, that indicate when a woman could own real estate in her own name, devise a will, and enter into contracts. In addition, entries contain information on marriage and divorce law, immigration, citizenship, passports, suffrage, and slave manumission. Material is included on African American, Native American, and Asian American women, as well as patterns of European immigration. Period covered is from the 1600s to the outbreak of WWII.
