Indigo in the Arab World Jenny Balfour-Paul, 2012-10-02 The role indigo has played elsewhere has been fairly well documented but in the case of the Arab world little or no thorough investigation has been previously undertaken Sets out to provide comprehensive coverage of the subject from its earliest history to the present day

Africans John Iliffe, 1995-08-25 In a vast and all embracing study of Africa from the origins of mankind to the South African general election of 1994 John Iliffe refocuses African history on the peopling of an environmentally hostile continent Africans have been pioneers struggling against disease and nature and their social economic and political institutions have been designed to ensure survival and maximise numbers These institutions enabled them to survive the slave trade and colonial invasion but in the context of medical progress and other twentieth century innovations the same institutions have bred the most rapid population growth the world has ever seen This demographic growth has lain behind the collapse of colonial rule the disintegration of Apartheid and the instability of contemporary nations The history of the continent is thus a single story binding living Africans to their earliest human ancestors

Wars Of Imperial Conquest Bruce Vandervort, 2015-01-28 First Published in 1998 The aim of this book is to examine the origins and conduct of colonial warfare in Africa in the late nineteenth century as far as possible from the perspectives both of the European invaders and the African resisters and in the process to demonstrate the impact both immediate and long term of these wars upon the societies political structures and military theory and practice of both victors and vanquished Vandervort has written this book with the student and general reader in mind scholarly apparatus has been kept to a minimum The book which follows takes as its point of departure the belief that we have now reached a point in our understanding of the military history of the partition of Africa where it is possible to begin to draw some meaningful general conclusions

The Public Treasury of the Muslims Abu Shouk, Anders Bjørkelo, 2024-03-25 In 1885 Khartoum fell into the hands of the Mahdist movement which put an end to 60 years of Egyptian rule in the Sudan An independent state was founded along Islamic principles which also affected fiscal institutions like the Public Treasury Through the translation and edition of the monthly budgets of nine and a half months in 1897 one can study closely the various items of revenue and expenditure the currencies in circulation the system of accountancy and the organisation of the Treasury In addition to an analysis of the revenues the introduction focuses on the organisation of the Treasury and on the system of accountancy and concludes that the Mahdists relied heavily on early Islamic as well as on Ottoman models which they modified to suit local conditions
