Lasby, 1997 Previous Eisenhower biographers have touched on his heart condition but Clarence Lasby is the first to examine the impact of the president s health on the nation He offers a dramatic revisionist account of the events surrounding the president s 1955 heart attack and subsequent efforts by the president and his staff to minimize its political impact Drawing on newly opened medical records and personal papers of Eisenhower's physicians Lasby challenges virtually everything we have believed about the president's heart attack Most disturbingly he has discovered that the president's personal physician Dr Howard Snyder misdiagnosed the attack as a gastrointestinal problem and waited ten hours before sending Eisenhower to the hospital Lasby also sets the record straight on how the president and his aides managed the public s understanding of events and he offers evidence that Eisenhower Dr Snyder and press secretary James Hagerty withheld and recast information to serve the president's political priorities Equally important Lasby's book offers a touching portrait of a proud man faced with a debilitating disease It examines Ike s private struggle to lead a full life despite his condition and analyzes his decision to seek a second term even against the advice of cardiologist Paul Dudley White It also shows how a man who had always carefully joked after his health now became obsessed with it Super Sub Lorilynn, Instructional Fair, 2000 Being a substitute teacher is a demanding and challenging job even when the classroom teacher leaves behind well laid plans But when teachers are called away unexpectedly the role of the substitute teacher becomes even more challenging The strategies and activities in Super Sub come to the rescue with a wealth of ideas to make the day a good experience for both students and substitute teacher There are great games and all about the student activities that can be used with many different grade levels Included are teacher directed and reproducible activities appropriate for language arts math science and social studies This great resource will give the substitute teacher the confidence to make every day a great day in the classroom **Schwann Long** Playing Record Catalog ,1969 Scott Foresman Literature and Integrated Studies ,1997 **Traditions in literature** James Edwin Miller,1987 Adventures in Reading Francis Xavier Connolly, 1979 Dramatics .1976
