Secret Diaries Vol 1 Temptation:

A Writer's Diary Volume 1 Fyodor Dostoevsky, 1997-07-20 Winner of the AATSEEL Outstanding Translation Award This is the first paperback edition of the complete collection of writings that has been called Dostoevsky's boldest experiment with literary form it is a uniquely encyclopedic forum of fictional and nonfictional genres The Diary's radical format was matched by the extreme range of its contents In a single frame it incorporated an astonishing variety of material short stories humorous sketches reports on sensational crimes historical predictions portraits of famous people autobiographical pieces and plans for stories some of which were never written while others appeared in the Diary itself The American People, Volume 1 Larry Kramer, 2015-04-07 The long awaited new novel by America's master playwright and activist a radical reimagining of our history and our hopes and fears Forty years in the making The American People embodies Larry Kramer's vision of his beloved and accursed homeland As the founder of ACT UP and the author of Faggots and The Normal Heart Kramer has decisively affected American lives and letters Here as only he can he tells the heartbreaking and heroic story of one nation under a plague contaminated by greed hate and disease yet host to transcendent acts of courage and kindness In this magisterial novel's sweeping first volume which runs up to the 1950s we meet prehistoric monkeys who spread a peculiar virus a Native American shaman whose sexual explorations mutate into occult visions and early English settlers who live as loving same sex couples only to fall victim to the forces of bigotry George Washington and Alexander Hamilton revel in unexpected intimacies and John Wilkes Booth's motives for assassinating Abraham Lincoln are thoroughly revised In the twentieth century the nightmare of history deepens as a religious sect conspires with eugenicists McCarthyites and Ivy Leaguers to exterminate homosexuals and the AIDS virus begins to spread Against all this Kramer sets the tender story of a middle class family outside Washington D C trying to get along in the darkest of times The American People is a work of ribald satire prophetic anger and dazzling imagination It is an encyclopedic indictment written with outrageous love

Witness To War Richard Aldrich, 2014-07-30 WITNESS TO WAR is an eye opening retelling of the war experience through the private diaries kept by people from all walks of life and from many countries The twentieth century's Second World War announced its arrival from a distance and as early as spring 1938 city dwellers across Europe expected destruction on an epic scale Men women and children most of whom had never kept a diary before began to chronicle their own responses to what they knew would be a unique moment in world history The cast of characters represented in these diaries more than three hundred in number ranges from politicians soldiers and spies to ordinary citizens and housewives from a London schoolboy watching V 1 doodlebugs from his bedroom window to an interned German refugee robbed and beaten by British troops Many others are famous and this collection includes rare material from figures such as Joseph Goebbels Joyce Grenfell Jean Paul Sartre Evelyn Waugh and Noël Coward It also contains the insights of many who were close to Winston Churchill and Adolf Hitler Most of these diaries involved a degree of danger and secrecy In occupied Europe a

captured diary could betray friends and relatives to the enemy Some were downright illegal such as those kept by soldiers on the front line More than half a century after the end of the war these hidden treasures the voices of the past are still being unearthed Many of these accounts languished unread unpublished and gathering dust in scholarly archives around the world Richard Aldrich has devoted two decades to sustained research in more than a dozen countries This is war at first hand described in the most immediate terms not mediated through the voice of peripheral observers or shaded by fading memory or political allegiances Serious about Series Silk Makowski,1998-10-15 Teen paperback series routinely castigated or ignored by Young Adult librarians despite their popularity with young adults should be considered for inclusion in collections alongside other genres In Serious about Series Makowski provides distinct criteria by which these series can be judged for quality within their genre and emphasizes them as an inexpensive way to fulfill patron needs and increase circulation by bringing young people often considered non readers into the library Makowski's book is an insightful evaluation of over fifty popular series and includes an introduction that analyzes the teen series paperback genre and its significance for both teen reading practices and library services Hundreds of titles are annotated in the book allowing librarians to develop in house bibliographies of favorite teen series titles making this a truly useful reference source for the young adult librarian
