from economic business and society perspectives It also breaches traditional limits by developing the idea of ethical capital and entrepreneurial ethics Ethical thinking is infused with the Aristotelian notion of virtues and moderation to reflect about modern work Ethicmentality helps us see the complexity of social and personal life Given the pervasive nature of mentality and ethics focus on individual deliberation ethicmentality represents their productive combination a new blend for ethical Community and Money Mary-Beth Raddon, 2003 Proposes new currencies that are direct personal and motivated by ideals of community cooperation and reciprocity Our Own Devices Ewan Morris, 2005 National symbols have long been highly contentious in Ireland and they remain so today While there have been a number of studies which have examined the role of symbols in the contemporary conflict in Northern Ireland as yet there has been no detailed study of debates about national symbols in twentieth century Ireland This book fills that gap outlining the historical background to the continuing controversy about national symbols in Ireland and shedding new light on the deep political divisions which have marked Irish society throughout this century Our Own Devices focuses on the crucial period from 1922 to 1939 which saw the creation and consolidation of new governments in the Irish Free State and Northern Ireland It also examines in detail the selection of official symbols of state by governments in both parts of Ireland and public responses to those symbols Having discussed the conflicts over symbols which took place in the early decades of the two states the book concludes by bringing the story up to date and relating earlier controversies about national symbols to current debates about the role of symbols in conflict and peacemaking in Northern Ireland This study is a pioneering work in this relatively new area of Irish history and is based on extensive original research using many sources which have not previously been cited in published works
