Secret Thoughts Of An Adoptive Mother:

Secret Thoughts of an Adoptive Mother Jana Wolff, 1997 While books about adoption proliferate none of them addresses the subject of open and interracial adoption like Jana Wolff's personal and frank account does in *Secret Thoughts of an Adoptive Mother*. Often irreverent always insightful surprisingly funny and stunningly honest *Secret Thoughts* tells it like it is. How it feels for a woman to look nothing like her child and to know the woman who does. This fiercely honest and funny book answers questions no one dares to ask: What if I don't like the child I get? Will she want the baby back? If this is the happiest day of my life why am I so sad? Am I too white for a kid? This black Chapter titles include: The Myth of Bliss Friendly Racism Meeting Your Child's Mother and Adopted Poop Doesn't Smell Any Different. 20 Things Adoptive Parents Need to Succeed Sherrie Eldridge, 2009-10-27 Do I have what it takes to be a successful adoptive parent? Does my child consider me a successful parent? Will I ever hear my rebellious teen say I love you? What tools do I need to succeed? In her groundbreaking first book *Twenty Things Adopted Kids Wish Their Adoptive Parents Knew* Sherrie Eldridge gave voice to the very real concerns of adopted children whose unique perspectives offered unprecedented insight. In this all new companion volume Eldridge goes beyond those insights and shifts her focus to parents offering them much needed encouragement and hope. Speaking from her own experience as an adoptee and an expert in the field of adoption Eldridge shares proven strategies and the moving narratives of nearly one hundred adoptive families helping parents gain a deeper understanding of what is normal both for their children and themselves. By first strengthening yourself as a parent you'll be able to truly listen to your child and to connect with him on every level by opening the channels of communication and keeping them open forever. Then you and your child can grow closer through the practical exercises at the end of every chapter. Discover how to be confident that your role in your child's life is vital and irreplaceable. Pass on the legacy of healthy self care by assessing and regulating your stress. Communicate unconditional love to your child. Talk candidly with your child about her adoption and her birth family. Teach your family how to respond positively to insensitive remarks about adoption. Connect with other adoptive families and build a support network. Plus learn to become a warrior parent. Settle the real parent question. Cope with emotional triggers. What to do when you lose it. Celebrate the miracle of your family and much more. *Secrets to Your Successful Domestic Adoption* Jennifer Joyce Pedley, 2010-11 Offers strategies people may use to simplify the process of open domestic adoption. Explains why it can be preferable to deal directly with an expectant mother and discusses legal considerations.

Birth of an Adoptive, Foster or Stepmother Barbara Waterman, 2003-09-18 Adoptive foster and stepmothers like biological mothers find their lives completely changed by motherhood although they are not always granted the rights and privileges accorded to those who give birth. Barbara Waterman explores the common experiences that are shared by all those who enter the motherhood portal. **Mad Mothers, Bad Mothers, and What a "Good" Mother Would Do** Sarah LaChance Adams, 2014-04-29 When a mother kills her child we call her a bad mother but as this book shows even mothers

who intend to do their children harm are not easily categorized as mad or bad. Maternal love is a complex emotion rich with contradictory impulses and desires and motherhood is a conflicted state in which women constantly renegotiate the needs mother and child, the self and the other. Applying care ethics philosophy and the work of Emmanuel Levinas, Maurice Merleau-Ponty and Simone de Beauvoir to real world experiences of motherhood, Sarah LaChance Adams throws the inherent tensions of motherhood into sharp relief, drawing a more nuanced portrait of the mother and child relationship than previously conceived. The maternal example is particularly instructive for ethical theory, highlighting the dynamics of human interdependence while also affirming separate interests. LaChance Adams particularly focuses on maternal ambivalence and its morally productive role in reinforcing the divergence between oneself and others, helping to recognize the particularities of situation and negotiating the difference between one's own needs and the desires of others. She ultimately argues maternal filicide is a social problem requiring a collective solution that ethical philosophy and philosophies of care can inform.

Twenty Things Adopted Kids Wish Their Adoptive Parents Knew Sherrie Eldridge, 1999-10-12. Birthdays may be difficult for me. I want you to take the initiative in opening conversations about my birth family. When I act out my fears in obnoxious ways, please hang in there with me. I am afraid you will abandon me. The voices of adopted children are poignant, questioning. And they tell a familiar story of loss, fear and hope. This extraordinary book, written by a woman who was adopted herself, gives voice to children's unspoken concerns and shows adoptive parents how to free their kids from feelings of fear, abandonment and shame. With warmth and candor, Sherrie Eldridge reveals the twenty complex emotional issues you must understand to nurture the child you love that he must grieve his loss now if he is to receive love fully in the future that she needs honest information about her birth family, no matter how painful the details may be, and that although he may choose to search for his birth family, he will always rely on you to be his parents. Filled with powerful insights from children, parents and experts in the field, plus practical strategies and case histories that will ring true for every adoptive family, Twenty Things Adopted Kids Wish Their Adoptive Parents Knew is an invaluable guide to the complex emotions that take up residence within the heart of the adopted child and within the adoptive home. **Like Our**
