I read these innovative resources go beyond linear listings of suggestions to help students find books through a variety of
directions including subject author and genre Each guide contains approximately 30 displayable bookwebs that can be used
as posters with reproducible bookmarks that list related titles and fit into pockets on the posters Each web leads users to 8 to
14 related topics that have lists of relevant books with their authors and brief LC descriptions Detailed author title and
subject indexes make further exploration easy Hundreds of the best fiction books for young readers titles commonly found in
school library collections are covered in the webs The visual nonlinear features of these books make them unique and user
