Venetian Inquisition in 1636 from practicing witches After decades of searching for this elusive text I now have the pleasure  
of presenting and translating it here for the first time It contains their secret techniques for dealing with the more dangerous  
spirits or daemons intentionally scattered and hidden within a collection of secrets comprising many detailed examples  
Together these provide enough clues to enable practitioners to create their own spells for working with all the spirits  
cataloged It distinguishes itself as a supplement to the better known Clavicula or Key of Solomon whereas that text focuses  
on aerial spirits this one focuses on chthonic spirits This text is one of the primary original sources for the popular Grimorium
