He realized the potency of reading close to finishing high school when he was having a miserable academic career. His discovery brought him out of the mire of failures and hopelessness to a hope of a dignified career despite a challenging background. Maister, Robert Galford, Charles Green, 2012-12-11 Are some technically competent professionals who work hard and long hours true professionals or are they just cruisers? In this deeply illuminating call to arms, David Maister, the world's premier consultant to professional service firms, vigorously challenges individuals to examine closely the meaning of their work and reach beyond their grasp. The pursuit of the highest standards, Maister argues, is the primary road to commercial success. He presents a visionary reconception of professionalism that encompasses a lifelong dedication to self-improvement, a personal commitment to excellence and a true spirit of service to clients. Looking first at the individual professional, Maister dares those good corporate citizens who do their duty to discover what they truly love to do. Turning to the institution, Maister focuses on what he calls the instability of professional service firms today and offers advice on how to invest in skill building. David Maister's message is a recipe for success and for professional satisfaction, making TRUE PROFESSIONALISM a worthy successor to his previous writings.
