Der Himmel als transkultureller ethischer Raum Harald Lesch, Bernd Oberdorfer, Stephanie Waldow, 2016-12-05 Bereits seit der Antike ist der Himmel ein zentraler Raum der jenseits von festen Orts Zeit und Identitätsschreibungen das Verhältnis von Individuum und Kosmos und die damit in Zusammenhang stehenden Grundfragen der menschlichen Existenz und deren Wertkonzepte aushandelt So stellt der ethische Zugang zum Himmel zentrale Fragehorizonte bereit die in den Kontext der interdisziplinären Forschungsfelder und kulturellen Horizonte eingebettet werden Neben diesen Fragehorizonten ist aber auch die ästhetische Umsetzung dieser Perspektivierungen von zentraler Bedeutung denn wissenschaftliche wie religiöse Texte die sich mit diesen Konzepten auseinandersetzen und den Himmel als Projektionsraum einsetzen entfalten eine literarisch rhetorische Kraft Diese auf ihre ethischen Implikationen hin zu untersuchen ist ein wichtiges Ziel des Bandes

Political Prayer in Nineteenth-Century American Literature

Amy Dunham Strand, 2024-09-30 Political Prayer in Nineteenth Century American Literature explores how American women writers such as Catharine Maria Sedgwick Harriet Beecher Stowe Rebecca Harding Davis and Emily Dickinson translated petitioning a political form for redress of grievances with religious resonance or what Strand calls political prayer in their literary works At a time when petitioning was historically transforming governments mobilizing masses and democratizing North America these White women writers wrote literary petitions to advocate for others in social justice causes such as antiremoval antislavery and labor reform to transform American literature and culture and to articulate an ambivalent political agency Political Prayer in Nineteenth Century American Literature introduces historic

petitioning into literary study as an overlooked but important new lens for reading nineteenth century fiction and poetry Understanding petitions in these literary works and these literary works as petitions also helps us to understand women s political agency before their enfranchisement to explain why scholars have long debated and inconsistently interpreted the works of well anthologized women writers and to see more clearly the multidimensional coexisting and often competing religious and political aspects of their writings **The Lord's Prayer in Matthew 6:9-13** F. M'bwangi,2022-04-26 In this book a socio rhetorical analysis blending literary with social sciences approaches provides the exegetical leverage to explore Matthew s use of the Lord s Prayer in shaping the identity of his community in the antiquity The book lays down a foundation for drawing insights from the Lord s Prayer concerning Christian norms values and traditions that are pertinent to pastors students researchers and lecturers who are interested in exploring matters of identity in their communities institutions and society at large Apocalypse Against Empire Anatheia Portier-Young,2011-01-06 A

fresh and daring take on ancient apocalyptic books The year 167 b c e marked the beginning of a period of intense persecution for the people of Judea as Seleucid emperor Antiochus IV Epiphanes attempted forcibly and brutally to eradicate traditional Jewish religious practices In Apocalypse against Empire Anatheia Portier Young reconstructs the historical events and key players in this traumatic episode in Jewish history and provides a sophisticated treatment of resistance in early Judaism Building on a solid contextual foundation Portier Young argues that the first Jewish apocalypses emerged as a literature of resistance to Hellenistic imperial rule She makes a sturdy case for this argument by examining three extant apocalypses giving careful attention to the interplay between social theory history textual studies and theological analysis In particular Portier Young contends the book of Daniel the Apocalypse of Weeks and the Book of Dreams were written to supply an oppressed people with a potent antidote to the destructive propaganda of the empire renewing their faith in the God of the covenant and answering state terror with radical visions of hope **Power, Poverty and Prayer** Ogbu Kalu,2001

Annual Report of the American Missionary Association American Missionary Association,1886 *Christianity and Liberal Politics* William Henry Fremantle,1885 The Political History of Modern Iran Mehran Kamrava,1992 This book offers a concise and comprehensive examination of Iran s political history from the establishment of the Qajar dynasty in 1785 until the present It focuses on both the historical evolution of Iranian political institutions as well as on the processes and phenomena to which these institutions have been exposed Since politics do not occur within a culturally vacuous context

attention is also drawn to the dominant characteristics of Iran's political culture from tribalism and religion to the cult of personality and political demagoguery that have similarly shaped political life in Iran. Such characteristics have acquired added accent under the revolutionary regime of the Islamic Republic although the revolution's gradual routinization has once again brought about a measure of political normalcy. Attention is drawn to the persistence of specific political dynamics that have proven to be particularly resilient throughout Iran's recent history. Throughout the reigns of the three regimes governing Iran since the eighteenth century the Qajars, the Pahlavis and the Islamic Republic, radically different from one another as they have been, the three themes of political autocracy, foreign intervention and revolution have remained.
