

# Prayer for a Better Future

Dear Lord, I understand that life is not meant to be easy all the time, but I have been through a lot. Please bless me with a better future. Please let whatever is ahead of me be more awesome than what I have been through, and more awesome than what I am going through right now.

You are my loving God. Thank you for protecting me this far. Thank you for the air that I breathe. Thank you for staying with me even when I did not acknowledge your presence. Thank you for giving me life when I was headed toward death.

I give you praise for your provision. I give you praise for the peace I experienced in recent days. I give you praise for working in my life as I pray. I give you praise for helping me experience “better” in the midst of “not great.”

Thank you for my future which is being organized even as I pray. I don't know what it is, but I know that all good things come from your hand, Lord. I believe that great things are in store for me and I thank you in advance for guiding my path. I love you, Lord.

I know you hold the future in your mighty hands. I know you hold the future in your loving hands too. So, I pray for a better future by placing myself in your hand. I pray this in Jesus Christ's name, Amen.

Traks,2023-11-15 If we want to stop the destruction of the planet and to live in a better world we need a clear and concrete vision of what that better world could be So here s a concrete program for a revolution that will transform this destructive anti civilization into a fertile paradise What to change what to replace it with and of course how Before building the new world we need to understand why this one didn t work In fact there is a cause of all causes for the chaotic state of our world A cause that leads to almost every other causes The main source of non necessary suffering and destruction in our anti civilization is our so called patriarchal culture We live in an upside down culture because it is at odds with human nature Most people believe that the main characteristic of our so called patriarchal culture is that men are the leaders but it isn t true The main characteristic of patriarchal culture is that it perverts souls to such an extent that it leads to the destruction of all life The ways of living and thinking in patriarchal cultures cloud consciousness by preventing people from connecting with their inner selves This has allowed us to rediscover the greatest secret of our civilization which is that all patriarchal cultures religions are misappropriations of the original Fertile culture which integrates the sacred feminine and highlights the Divine mother For example the message of Mary Magdalene and Jesus was the fertile culture of the sacred feminine Every detail of Catholic teachings is in total opposition to the messages of Mary Magdalene and Jesus The Vatican has quite simply stolen original Christianity BUT IT IS ALSO the same scenario that happened in Judaism Islam Buddhism and Hinduism So the Vatican and the religious authorities of ALL patriarchal religions are simply impostors But perhaps you ll tell me that you re not interested because you re not religious But I m not talking about beliefs here but about a culture in other words the way in which everyday life is organized Those who call themselves atheists follow patriarchal religious injunctions on a daily basis without being aware of it I m referring to very concrete things like the way we love make love procreate give birth eat sleep raise children have male female relationships breathe commune with Nature and so on Our patriarchal culture has even driven us to destroy the planet conditioned us to love upside down and to fall in love with people we don t love Fertile cultures are above all cultures of freedom and true democracies in the sense that they empower individuals Gnosis is the backbone of fertile cultures It believes that salvation is achieved through knowledge experience and self development Fertile cultures put the spiritual development evolution and well being of the individual first and foremost In this book I propose a concrete program for the transition what to do when we gain power in the fields of economics social affairs health education

ecology agriculture etc I will also share with you a different point of view with you on the last 5 000 years of Humanity s history The true history of the world has been hidden from us because that history is where THE key lies to bringing about a truly Humane Humanity If you re ready to stand up for life and justice but don t know how to do so you ll find a proposal in this video You are an immortal being with almost unlimited powers but until you become a protector of life and justice the whole of creation will plot to prevent you regaining your magical powers and divine nature **School Prayers United States.
