Praying With Our Eyes Open Engendering Feminist Liturgical Prayer:

Praying with Our Eyes Open Marjorie Procter-Smith, 1995 Smith the author of *In Her Own Rite Constructing Feminist Liturgical Tradition* turns her attention to the specific act of liturgical prayer Among the topics she discusses are the problem of divine authority for feminist prayer the problem of Jesus for feminist prayer and the feminist eucharistic language In this refreshing work the author provides a new language for speaking with God in a post modern liturgical context *Prayer: A Guide for the Perplexed* Ashley Cocksworth, 2018-07-12 Central to the Christian life is the practice of prayer But what theologically speaking is going on when we pray What does prayer have to do with religious belief and action Does prayer make a difference *Prayer A Guide for the Perplexed* addresses these and other key questions regarding the Christian theology of prayer Beginning with Evagrius of Ponticus's *On Prayer* Ashley Cocksworth finds in this early document a profound expression of the integrity of the experience of prayer and theological thought Seeking throughout to integrate systematic theology and the spirituality of prayer individual chapters explore the meaning of some of the core doctrines of lived Christian faith the Trinity creation providence and the Christian life as they relate to the practice of prayer Complete with an annotated bibliography of sources on prayer to promote further reading this volume appeals to academics and general readers alike *T&T Clark Handbook of Christian Prayer*, 2021-12-16 The essays collected in this volume provide a resource for thinking theologically about the practice of Christian prayer In the first of four parts the volume begins by reaching back to the biblical foundations of prayer Then each of the chapters in the second part investigates a classical Christian doctrine including God creation Christology pneumatology providence and eschatology from the perspective of prayer The chapters in the third part explore the writings of some of the great theorists of prayer in the history of the Christian tradition The final part gathers a set of creative and critical conversations on prayer responding to a variety of contemporary issues Overall the T T Clark Handbook of Christian Prayer articulates a theologically expansive account of prayer one that is deeply biblical energetically doctrinal historically rooted and relevant to a whole host of critical questions and concerns facing the world today **Seeking the Risen Christa** Nicola Slee, 2011-03-17 Art and feminist theology often explore the figure of the feminine side of Christ However the risen Christa has had little if any coverage within these fields Now *Seeking the Risen Christa* by Nicola Slee uses a well crafted combination of reflection illustration and poetry to investigate the Risen Christa The discussion revolves around the central narratives of the gospels and the major Christological themes These subjects are re imagined and revisited from the hypothetical perspective of Christa Ultimately Nicola Slee wants *Seeking The Risen Christ* to represent a search for a risen Christa and therefore encourage readers to develop a freer unlimited relationship with Christ **The Princeton Seminary Bulletin** Princeton Theological Seminary, 1997 Vols for 1907 1908 1936 1937 no 1 Commencement issue no 2 Necrology report no 3 News no 4 Catalogue v for 1937 1938 1938 1939 no 1 3 News no 2 Bulletin of courses no 4 Catalogue v for 1939 1940 1944 1945 no 1 4 News no 2

Introducing Feminist Images of God Mary C. Grey, 2001 Encouraging a range of inclusive pluralist expressions in which women experience the Divine power often in the figure of Sophia the divine Wisdom This book is an introduction to recent thinking on and experience of the Divine reflecting the work of women from diverse contexts Early attempts to move beyond the restriction of God language to Father language and to open up the possibilities of a more inclusive way of praying have led to a richness and variety of experiences of God and the world of the sacred God experienced in the struggle for justice is one such area While similarities and connections are shown between for example Jewish womanist and Latin American women their distinctiveness and diversity is respected Women's experience of God does not flinch from ambiguity and tragedy so long as the figure of Sophia Wisdom integrates new dimensions of experience the infinite depths of the Divine Mystery are still to be plumbed

Extravagant Affections Susan A. Ross, 1998 The sacraments are an important part of the Christian heritage In her scholarly yet readable book Ross draws on interviews on the mainstream of sacramental and contemporary feminist theory to ascertain what might be a feminist sacramental theory

Sensing the Spirit Rebecca B Prichard, 1999 In the First Feminist Constructive Theology of the Spirit Prichard uses the five senses to explore the Bible historical theology medieval mystics contemporary experience and more as ways to speak metaphorically of God's Spirit This poetic book combines theology with hymns scripture poetry and the reflections of such mystics as Julian of Norwich and Hildegard of Bingen to talk about and to evoke a sense of the Spirit's presence

Naming Grace Mary Catherine Hilkert, 1997 It is not a lack of training in the art of rhetoric that accounts for the ineffectiveness of preaching within the Christian churches More significant is the lack of adequate theological foundations While recognizing the great contribution that neo orthodoxy and the dialectical imagination have made Hilkert's major contribution is a scholarly examination of the resources of the sacramental imagination
