**Pre-classical** John Boardman,1978      **Pré-Classical, From Crete to Archaic Greece** J.. Boardman,1978      *Style and Civilization* John Boardman,1967      **Pre-Classical** John Boardman,1967      **Defining Citizenship in Archaic Greece** Alain Duplouy,Roger W. Brock,2018-03-09 Citizenship is a major feature of contemporary national and international politics but rather than being a modern phenomenon it is in fact a legacy of ancient Greece The concept of membership of a community and participation in its social and political life first appeared some three millennia ago but only towards the end of the fourth century BC did Aristotle offer the first explicit statement about it Though long accepted this definition remains deeply rooted in the philosophical and political thought of the classical period and probably fails to account accurately for either the preceding centuries or the dynamics of emergent cities as such historians are now challenging the application of the Aristotelian model to all Greek cities regardless of chronology and are looking instead for alternative ways of conceiving citizenship and community Focusing on archaic Greece this volume brings together an array of renowned international scholars with the aim of exploring new routes to archaic Greek citizenship and constructing a new image of archaic cities which are no longer to be considered as primitive or incomplete classical poleis The essays collected here have not been tailored to endorse any specific view with each contributor bringing his or her own approach and methodology to bear across a range of specific fields of enquiry from law cults and military obligations to athletics commensality and descent The volume as a whole exemplifies the living diversity of approaches to archaic Greece and to the Greek city combining both breadth and depth of insight with an opportunity to venture off the beaten track      **From Homer to Solon** ,2022-05-02 The study of Archaic Greece has undergone a fundamental transformation in recent decades Whereas studies up to the 1980s had favoured narratives that converged on the more tangible reality of the Classical period and emphasized radical change the increase in archaeological data and the cultural turn have led to an emphasis on long term developments and continuities After an introduction to the state of research the volume offers a wide range of studies under the headings Approaches on early Archaic Greece Citizens and Citizen States and Leaders and Reformers ranging from Homer to Solon and circling around the central problem of continuity and change in Archaic Greece      **Pre-classical from Crete to ancient Greece** John Boardman,1967      *Das archaische Kreta* Gunnar Seelentag,2015-07-24 Das vorliegende Buch ist eine Studie zur Institutionalisierung im fr hen Griechenland Dieses Thema wird mit Blick auf das archaische Kreta behandelt der wohl besten Fallstudie f r eine solche Analyse Denn anhand des reichen kretischen Materials der Befunde literarischer wie arch ologischer Zeugnisse vor allem aber der Vielzahl von Inschriften aus dem 7 bis 5 Jh ist es wie f r keine andere Gegend des griechischen Raumes m glich Licht auf einige der zentralen Fragen dieser Epoche zu werfen so etwa welche soziopolitischen Integrationskreise in den fr hen Polisgemeinschaften sinnhaft waren und unter welchen Umst nden die Teilhabe der B rger am Gemeinwesen vorangetrieben wurde wie politische Prominenzrollen und Beschlussverfahren reguliert und verstetigt

wurden und schließlich welche Strategien erprobt wurden mit sozialen Konflikten in der Gemeinschaft umzugehen *Greek Slave Systems in their Eastern Mediterranean Context, c.800-146 BC* David M. Lewis, 2018-07-19 The orthodox view of slavery in the ancient Mediterranean holds that Greece and Rome were its only genuine slave societies that is societies in which slave labour contributed significantly to the economy and underpinned the wealth of elites Other societies traditionally labelled societies with slaves are thought to have made little use of slave labour and therefore have been largely ignored in recent scholarship This volume presents a radically different view of the ancient Eastern Mediterranean world showing that elite exploitation of slave labour in Greece and the Near East shared some fundamental similarities although the degree of elite dependence on slaves varied from region to region Whilst slavery was indeed particularly highly developed in Greece and Rome it was also economically entrenched in Carthage and played a not insignificant role in the affairs of elites in Israel Assyria Babylonia and Persia The differing degrees to which Eastern Mediterranean elites exploited slave labour represents the outcome of a complex interplay between cultural economic political geographical and demographic factors Proceeding on a regional basis this book tracks the ways in which local conditions shaped a wide variety of Greek and Near Eastern slave systems and how the legal architecture of slavery in individual regions was altered and adapted to accommodate these needs The result is a nuanced exploration of the economic underpinnings of Greek elite culture that sets its reliance on slavery within a broader historical context and sheds light on the complex circumstances from which it emerged History of the Hellenic World: Archaic period, 1975 *The Archaic Period* George A. Christopoulos, 1975 Jacob Burckhardt und die Griechen Leonhard Burckhardt, Hans-Joachim Gehrke, 2006 Die Griechische Culturgeschichte wird zunächst vor dem wissenschaftsgeschichtlichen und gesellschaftlichen Horizont ihrer Entstehungszeit verortet dann werden einzelne Gegenstände Leit motive und Auffassungen näher betrachtet und schliesslich wird Burckhardts kulturgeschichtlicher Ansatz von aktuellen altertumswissenschaftlichen Perspektiven her durchleuchtet Burckhardt hat sich zwar immer zum Aussenseiter der Historikerkunft stilisiert und die Griechische Culturgeschichte wurde von einigen frühen Rezipienten dementsprechend kritisch aufgenommen Dennoch ist unübersehbar dass das Werk sowohl wissenschaftlich Bezug nahm auf aktuelle fachliche Entwicklungen als auch zeitgenössische gesellschaftliche und politische Strömungen widerspiegelt Ein Ziel des vorliegenden Bandes ist es zu einem besseren Verständnis darüber zu gelangen auf welche Weise in welcher Auswahl und Gewichtung Burckhardt solche Einflüsse aufnahm und verarbeitete *Treasures of Ancient Greece* John S.
