I Am! I Can!: A preschool curriculum Grace L. Mitchell, Harriet Chmela, Lois F. Dewsnap, 1992 *Play, Projects, and Preschool Standards* Gera Jacobs, Kathy Crowley, 2007

The ideas in this book will seem familiar and nonthreatening; yes, teachers can indeed use what they already know and what their children love, but they can also enhance and expand favorite activities, enriching the educational benefits of everyday experiences. From the Foreword by Marilou Hyson: Stimulate children's love of learning while meeting standards and benchmarks. Teachers today are often challenged by and concerned about the expectations in states' early learning standards. They have questions about their appropriateness, implementation, and tendency to overlook the needs of the growing number of children who are second language learners or who have disabilities and developmental delays. In *Play, Projects, and Preschool Standards*, authors Gera Jacobs and Kathy Crowley tackle these questions and more, head-on, providing teachers with plenty of lively, creative ideas to develop children's genuine curiosity while building the skills they'll need to succeed in kindergarten and beyond. In inviting, informal language, the authors walk readers through the creation of well-planned projects and activities that both capture children's interest and enhance social and pre-academic development. Each chapter offers "What Research and the Experts Say" snapshots and applications of the research in practice. Try This activity ideas that engage children and meet standards. Suggestions for tailoring activities to meet the needs of bilingual children and children with special needs. This timely book is sure to give teachers the confidence and competence they need to connect the experiences that make preschool so enjoyable with the skill development that makes preschool so necessary.

Developing Preschool Language Classrooms Paul E. Quin, 1990. This text is designed to assist in the replication of a successful classroom home language intervention program for mildly to moderately language-impaired preschool children. The first portion of the manual discusses the rationale and operation of the program. Provided in the second part are sample lesson plans which provide specific examples of the integration of language remediation targets into preschool activities. After an introductory chapter, a literature review examines a pragmatic approach to language intervention in the classroom. Appended to this chapter are resources on pragmatic skills. The next chapter considers the use of space, furniture, and learning materials in the classroom and includes a checklist for arranging and equipping a classroom. Staffing and training in the preschool language classroom are discussed next, and samples of school newsletters and forms for training and home visits are provided. The next chapter addresses planning and scheduling of language intervention and is followed by a consideration of classroom

management with guidelines for managing behavior and a review of data collection in the classroom Provided for each lesson plan in Part II is information on language targets materials and procedures References accompany most chapters DB
